Two-Year Struggle Nears Climax

Castro Presses Full-Scale Drive in Cuban Civil War

Rebel Chief Bids To Seat New Regime

Batista's Opponents To Set Up Capital of Insurgents at Santiago

HAVANA (AP) — A climax in Cuba's two-year-old civil war appeared to be drawing near today. Fidel Castro's rebels smashed at government forces in Eastern Cuba, and President Fulgencio Batista's army waged a fierce offensive against insurgents in the central part of the island.

In Oriente province, at the eastern end of the island, the rebel radio said four of Castro's columns were marching toward Oriente's capital, Santiago de Cuba, after hitting army forces elsewhere in the province.

Seek To Set Up Government

The rebels said their goal was to set up an insurgent government in Oriente shortly.

In the central province of Las Villas, Batista's forces apparently had started a large-scale offensive to counter a string of rebel victories which threatened the provincial capital of Santa Clara. The government was sending in heavy artillery, tanks and bombers.

The rebels reported government planes bombed Santa Clara and the rebel-held town of Jatibonico, in Camaguey province near the Las Villas border. Camaguey lies between Las Villas and Oriente.

Rebel Stronghold Shelled

Other reports from Las Villas said Batista's planes and artillery heavily bombed and shelled rebel concentrations around Santa Clara. One aim of the government offensive appeared to be to remove a rebel threat to the main highway between Las Villas and Oriente.

Despite rebel attempts to have populated places declared open cities, the government warned that it would make all-out counterattacks on towns held or threatened by the rebels.

A rebel exile organization in Miami said the planes bombed and strafed cities although the Army knew the rebels were camped outside the cities.

Rebel reports from Oriente indicated that the 10,000 Batista troops there were in desperate trouble.

The insurgents claimed they captured the city of Palma Soriano, an important point on the main highway between Bayamo and Santiago, and inflicted 600 casualties on government force, including 286 prisoners.

Holiday Pace Eases Off

U.S. Traffic Toll Nearing 600 Mark

Traffic	592
Fires	93
Miscellaneous	96
Total	781

By The Associated Press

Belated reports today swelled the nation's toll of dead from traffice accidents over the four-day Christmas weekend to nearly 600.

Tragic as it was, the number of fatalities was fewer than the pre-holiday estimate of 620.

Early in the long holiday, with highway deaths occurring at a much faster pace than anticipated, it appeared the final count would be far greater than the estimate.

But three-quarters through the weekend the rate of deaths slowed as motorists—apparently shocked by the awesome toll the first three days—exerted greater caution.

Safety experts had expressed alarm at the slaughter on the highways from the start of the 102-hour holiday period at 6 p.m. Christmas Eve to late Saturday. They had feared if the pace continued, nearly seven killed per hour, the total would surpass the all-time record of 706 traffic deaths set in the four-day 1956 Christmas weekend.

The National Safety Council was hopeful that the toll would not exceed its preholiday estimate of 620.

The second worst holiday for traffic deaths was the three-day Christmas period in 1955 when 609 persons were killed. It was the nation's worst record, on an hourly basis, a death every eight minutes. In the record toll of the Christmas period in 1957 the approximate average traffic death

17 Accidents Reported

4 Are Sent to Hospital In County Auto Mishaps

Four persons were hospitalized in two of the eight weekend accidents investigated in the county by Marion post patrolmen.

City police reported nine accidents during the same period with two persons injured.

A four-year-old Marion youngster and a local woman were admitted to General Hospital Saturday night after an accident on Vernon Heights Blvd., one-half mile east of its intersection with Delaware Ave. at 9:05 p.m.

—:—

HOSPITALIZED with these injuries were: Patti Ann Lupica, 4, lacerations of the face, chin and mouth, and possible skull fracture, listed in good condition, and Mrs. Starling M. Smith, 50, of Twin Oaks Trailer Park, lacerations of the forehead, scalp and finger and possible eye injuries. Hospital attendants described Mrs. Smith's condition as "fairly good" this morning.

Patrolmen said the two were passengers in a westbound auto driven by Mrs. Joyce A. Lupica, 24, of 681 Buckeye St., mother of the child.

—:—

ACCORDING TO the report, the auto swerved out of control and onto the boulevard divider where it struck a tree. The auto was badly damaged.

Mrs. Lupica was treated at the hospital for a bruised chest and for shock, but was not admitted, hospital authorities said.

Two Green Camp residents were hospitalized after the car in which they were riding failed to negotiate a curve on County Rd. 37 two miles south of New Bloomington and toppled into a creek bed at 7:25 p.m. Saturday.

Officers said the driver of the westbound auto, Lee P. Briggs, 39, suffered severe lacerations of the scalp and possible internal and neck injuries. A passenger, Robert C. Briggs, 16, sustained multiple lacerations of the face, a possible fractured shoulder and fractured ankle.

A condition report at the hospital this morning listed Lee Briggs as "fairly good" and Robert Briggs as "good."

Before plowing into the creek bed, the westbound car struck a small bridge at the right side of the road and crashed through several feet of guardrail, patrolmen said.

Shovel-Union Meeting Slated Here Tomorrow

A new meeting of Marion Power Shovel Co. and United Steel Workers negotiating teams with federal mediator Ed Phillips is scheduled for 9:30 a.m. Tuesday.

To be held in the company offices, the meeting is another in a long series held in an attempt to settle the strike of the company's W. Center St. plant. The strike is now in its 15th week.

A meeting in Washington last week at the request of the federal mediation and conciliation service, produced no progress toward settlement of the issues.

French Face Subsidy Cuts, Tax Increase

New Austerity Plans Only Solution, Says De Gaulle of Proposal

PARIS (AP) — France today embarked on a new year's housecleaning of her economy.

It was bad news all along the line for most French people, but Premier Charles de Gaulle said it was the only way to get out of a dangerous situation.

In a nationwide radio and television address Sunday night, De Gaulle presented only the melancholy big picture. The sad details of the new austerity will be in the fine print of the official journal, which prints all government regulations, in the next few days.

These were the major hardship measures announced by the Premier:

Devaluation of the franc by 17.5 per cent, cutting prices of French products abroad but raising them and of imports for the home folks.

Partial convertibility of the franc, allowing foreigners to dip into France's small stock of gold and dollar exchange without comparable liberalization for Frenchmen wanting to buy, travel or invest abroad.

A budget of nearly 15 billion dollars, up more than two billion dollars from last year.

A variety of tax increases and cuts in subsidies the government has been paying to producers to keep prices of many things down. The government estimates this

Californians Are Polled on Splitting State

San Francisco Paper Says Public Sentiment In Favor of Division

SAN FRANCISCO (AP) — Public sentiment favors splitting California into two states, the San Francisco Chronicle said today.

The newspaper, releasing results of a poll, said a majority of participants believe the north and south have little in common. They wanted the issue settled by referendum, the paper added.

More than a third of the voters indicated that the question as put to them was unrealistic, if not impossible.

Almost half expressed the belief that such a division would benefit both the northern and southern sections of the state and a majority of the ballots favored a partition of California at the Tehachapi Mountains — the traditional boundary between north and south.

The issues which received most votes:

Dissimilarities between interests, the cultures and general points of view in the north and south make partition desirable — 55.7 per cent.

Constant shift toward Southern California political domination of the state is a threat to the north which can best be met by separation; participants felt.

The newspaper did not release figures of the number of persons participating in the poll.

New Adjutant General

Windom Is Named To Post by DiSalle

COLUMBUS, Ohio (AP)—With the announcement that Loren G. Windom of Reynoldsburg will be adjutant general, Gov.-elect Michael V. DiSalle has completed his cabinet appointments.

The appointment was announced Sunday. DiSalle has called a meeting of his cabinet members today at his Secor Hotel headquarters in Toledo.

34 Years Experience

Windom, 53, has 34 years experience in the Ohio National Guard, which he joined as a private May 5, 1924. He presently holds the one-star grade of brigadier general, an appointment he received five years ago next month.

Leo M. Kreber, who became adjutant general in January, 1949, is a two-star major general. With the exception of two years when he was on leave of absence to command the 37th Division on active duty during the Korean War, Kreber has served ever since.

Windom comes into office during a period of considerable transformation in the Ohio Guard, which Kreber has begun. Among other duties, Windom will supervise the state militia organization's changing to meet the demands of the atomic age, including reformation of the 37th Division into a fast-moving, nuclear weapons - firing pentomic division.

Other responsibilities Windom will assume are for the Ohio Air National Guard, which includes four squadrons of jet fighter-bombers; Civil Defense and the Ohio Defense Corps, a planned organization of veterans who could be mobilized in an emergency.

Since 1937, Windom has handled cases in a 30-county area as assistant U. S. attorney for the southern district of Ohio.

Said to be the most decorated general officer in the Ohio National Guard, he worked his way up to master sergeant in 1930, then was commissioned first lieutenant, jumping the grade of second lieutenant. In 10 years he was a lieutenant colonel, skipping major after becoming a captain in 1935.

Wounded in Action

As an operations and training officer for the 37th Division between 1940-44, he was wounded twice in the fighting on the island of New Georgia. Promoted to colonel and command of the 145th Infrantry Regiment, he was wounded twice more in the Philippines.

By the time World War II was over, Windom had earned the Bronze Star with oak leaf cluster (given instead of awarding the same decoration again) and "V" for valor, Purple Heart with three oak leaf clusters, Legion of Merit with oak leaf cluster; Silver Star with oak leaf cluster and Distinguished Service Cross.

After the war, Windom organized and commanded the 166th Regimental Combat Team in Ohio, which received the highest federal training rating ever given a National Guard unit. Since he received his general's star in 1954, he has been assistant commander of the 37th Division.

His son, David, is a West Point cadet. The Windoms also have a high school age daughter, Diane.

Originally from Gallipolis, the new adjutant general graduated from high school in Columbus and is a graduate of the law school at Ohio State University.

Saturday DiSalle named Edward

19-Day News Blackout Ends In New York

Nine Dailies Resume Operation, Deliverers Accept Pay Proposal

NEW YORK (AP)—The costliest newspaper strike in the city's history is over.

Deliverers went back to work early today with a new two-year contract. It gave them a $5.30 wage increase and fringe benefits. They ratified it Sunday 2,091-537, ending the 19-day walkout.

The strike cost estimated at 50 million dollars.

All four morning newspapers published. Editions began hitting the streets of this news-starved city about 2 a.m., four hours after the strike's end.

They were the first since Dec. 11, when the nine major daily newspapers halted operations. Deliverers began their strike Dec. 9. The papers continued to publish until Dec. 11.

Plants of the five afternoon papers buzzed again with activity as they resumed normal schedules.

Hundreds of newsstand dealers threw open their shutters. New Yorkers normally purchase 5½ million copies daily and 8½ million Sundays.

A back-to-work call went out to the independent Newspaper and

Council Group Will Look Into City Finances

Appropriations for operation of the city government and Marion General Hospital will be studied by the City Council finance committee and other city officials at a meeting tonight.

City Auditor Elmer Shaw reported today that the appropriations, as now set up, call for expenditures of some $2,695,423 next year.

This is $152,673 higher than the record high appropriations of $2,542,750 approved for this year by council last Jan. 13.

Mr. Shaw noted that the increase for 1959 is because of anticipated higher income and expenditures at General Hospital. For this year, the appropriation for the hospital approved last January was $1,219,500. For next year, the amount tentatively is set at $1,376,000 or some $156,500 higher.

The appropriations for individual department operations in the city government all will be reviewed by the finance committee tonight and recommendations will be made for the 1959 appropriations ordinance that will be submitted to council for consideration at its forthcoming Jan. 12 meeting, Mr. Shaw said.

Democrats Come Marching In

Statehouse Control Changes Jan. 12

Soon after the turn of the year, the Democrats will return to power in Ohio—in the governor's office after a two-year gap and in the Legislature after a lapse of 10 years.

In a series of three articles, Art Parks of the Associated Press Columbus staff takes a look at the personalities in the Democratic "team," the promises to Ohio voters in the 1958 Democratic platform and the state's money problems as it faces the uncertain future.

By ART PARKS

COLUMBUS, Ohio (AP) — Ohio Democrats, a bedraggled and badly beaten bunch only two years ago, will begin to take over the state government a week from today. Two weeks from today they will finish the job.

First of a Series

Since 1956, the Statehouse has been solidly Republican. But come inauguration day, Jan. 12, there will be only two GOP office holders left —and one of them is a holdover.

The event a week from today, Jan. 5, is the opening of the 103rd General Assembly. It will be the first Democratic-controlled Legislature in a decade.

—:—

THE DEMOCRATIC "team" which gave the Republicans such a lacing in this year's election was—with one exception—the same that took a shellacking in 1956. There was a shakeup in the positions they played, but there was only one new face on the team.

Gov.-Elect Michael V. DiSalle won a rematch with GOP Gov. C. William O'Neill.

John Donahey of Alliance lost his bid two years ago for state treasurer, but this year was elected lieutenant governor.

Stephen M. Young of Cleveland ran for attorney general in 1956 and was beaten. But this year he walked off with a U. S. Senate seat.

Joseph T. Ferguson of Columbus was defeated in a comeback bid for the office of state auditor two years ago, but this year was elected state treasurer.

The new face this year was that of Mark McElroy of Cleveland. But even he is no stranger in the Statehouse. He has served in both houses of the Legislature. He was elected attorney general in his first try for statewide office.

Those who will be keeping the foot of the Grand Old Party in the Statehouse door will be Secretary of State Ted W. Brown and State Auditor James A. Rhodes. Brown was the only Republican on the statewide ticket to win re-election this year.

Rhodes was elected to a four-year term in 1956. His post will be up for grabs for a two-year term in 1960. Beginning in 1962, all state officials will be elected to four-year terms at the same time.

The Republicans who, in 1954, put on the state ballot a proposal to extend state office terms to four years, are the first to be hurt by the longer terms. The four Democrats and one Republican elected to state office last month will serve four years.

—:—

TWO YEARS ago when Republicans took every elective state office, there was much talk about the "GOP team." But it was on rare occasions—if ever—that a team spirit developed. Personality conflicts, resentments and individual ambitions contributed to the failure to reach a working unity.

Whether Democrats—in something less than a complete rule-of-the-roost situation—can keep the team spirit of campaign days rolling is a good question.

So deep in the minority have the Democrats been in recent Legislatures that they seldom got their names in the papers. So it's little wonder that even the leaders of the 103rd General Assembly are

DON'T CHANGE TIRES ON THE ROAD

Changing tires on the roadside is always dangerous. This dangerous procedure can be eliminated by servicing tubeless tires with AIR GUARD, the "weightless" sealant.

MAKE YOUR TIRES PUNCTURE-SEALING

Add the safety of puncture-sealing to the tubeless tires now on your car. New puncture-sealant prevents sudden air loss even after puncturing object is ejected from the tread of your tire.

The most recent technological advance from United States Rubber's Research Laboratories is a "weightless sealant" called AIR GUARD. This sealant, when placed in tubeless tires, ends the danger of roadside tire changing due to tread punctures.

AIR GUARD makes any tubeless tire equal in mobile puncture safety to the highest priced puncture-sealing tires available today. All tubeless tires have puncture-sealing characteristics as long as the puncturing object remains in the tread.

Field tests proved, however, that tubeless tires serviced with AIR GUARD maintain safe, drivable air pressure for 48 hours after puncturing object has been thrown out.

At highway speeds, tires have a tendency to throw out the puncturing object, leaving a hole in the tread. Once the puncturing object is ejected, air loss is sudden and dangerous. With AIR GUARD in your tires you do not experience sudden air loss because AIR GUARD rushes in and plugs the hole left by the ejected puncturing object.

Safe, drivable air pressure is maintained for 48 hours. Thereafter, you simply bring air pressure back to normal. You can keep this up for hundreds of miles until permanent repair can be conveniently made.

All punctured tires eventually require permanent repairs, even the most expensive puncture-sealing types. AIR GUARD permits repairing in the regular manner; and, unlike other sealants, has no adverse effect upon the tire's performance. AIR GUARD does not affect the handling characteristics or riding qualities of your car ...will never cause out-of-balance condition.

AIR GUARD is an exclusive product of U. S. Rubber Company. This puncture-sealing service is rendered in less than an hour for all five tires. Come in today and add the safety of AIR GUARD to the tubeless tires now on your car.

Ohio's Queen City Founded 170 Years Ago

CINCINNATI (AP)—Ohio's second largest city had a birthday Sunday—Cincinnati was 170 years old.

The Queen City was founded Dec. 28, 1788, when 23 men came down the Ohio River on flatboats from Maysville, Ky., then called Limestone.

At first the settlement was called Losantiville, but on Jan. 1, 1790, Gen. Arthur St. Clair is said to have dubbed the village Cincinnati in honor of the Cincinnatus Society of Revolutionary War officers of which he was the first president.

As the village grew it gained its share of fame.

Four of its residents have become president of the United States—William Henry Harrison, Rutherford B. Hayes, Benjamin Harrison and William Howard Taft.

It was the home of the first professional baseball team—the Cincinnati Red Stockings, now known as the Redlegs.

In the 1800s the city became a second Rhineland to thousands of immigrating Germans. German was taught in the public schools well into the 20th century and an area just north of the downtown district is still called the "over-the-Rhine district."

There have been numerous changes in Cincinnati's growth—from a precarious pioneer village, to a lusty frontier town, later a meat-packing center nicknamed "Porkopolis" for the pigs that were driven through its streets, still later with the rise of industry, for its machine tools and soap, and finally as a center for blossoming commerce on the Ohio River.

Child Study Class Slated by Church

First class in a child study unit of the Moody Bible Institute Evangelical Teacher Training Course will be held Wednesday night at Emmanuel Baptist Church here. The time will be 9 o'clock in the fellowship room of the church.

A correspondence course from the school located at Chicago, Ill., the unit will be taught by the Emmanuel Church pastor, the Rev. C. E. Hershey, during the remainder of the winter. It is designed to analyze the physical, mental, social and religious characteristics of each period in a child's life and outlines specific training for each period. It is recommended for parents and those who work directly with children in the fields of religion and education and in social and physical development programs. After each class period students will complete an examination to be corrected and graded by the correspondence school. Everyone successfully completing the course will be awarded a certificate from the school.

Fire Hits Hospital

TOPEKA, Kan. (AP)—About 260 patients of the Topeka State Mental Hospital were removed without injury Sunday after fire broke out in a 70-year-old wing of the building.

Dr. Alfred P. Bay, superintendent, estimated the loss at $15,000 to $20,000.

Piles Are Never "Mild"
DANGER IN NEGLECT
No one should ever think of piles (hemorrhoids) as a "mild" disorder.
Although they may seem a "mild" ailment, especially when not giving pain or inconvenience, piles are in fact tumor formations without tendency to heal themselves; instead, they are likely, if neglected to keep increasing in size, involving more of the rectal area.
Even a so-called "mild" case may be expected to undermine one's health, by aggravating other ailments, such as indigestion, biliousness, stomach trouble, constipation, headaches, pain in back and down the legs, secondary anemia with its run-down tired feeling, and general nervous irritability.
Removal of piles is the only permanent relief. Our method produces little or no discomfort, does not require the use of knife or drugs, and seldom any loss of time from work.
We do not treat cancer.

Explains Retreat in Letter to U.S. Schoolboy

Japanese Admiral Reveals Strategy

LOS ANGELES (AP) — A Japanese admiral has told a U.S. schoolboy his fear of a trap led him to withdraw his fleet when the Americans invaded the Philippines in World War II.

The 2,000-word letter of Vice Adm. Kiyohide Shima to 16-year-old Bill Frazer of Pacoima, Calif., broke the admiral's long silence on a mystery which has puzzled war historians.

Frazer had asked Shima why he pulled his forces out of the crucial battle of Leyte Gulf in October 1944. The youth will use the information in a history term paper in junior high school.

Expressing gratitude for the admiral's response, young Frazer added: "I hope I get an A on the paper."

While U.S. forces were fighting for a foothold on Leyte Island, Shima withdrew the ships of his 2nd Division from a running sea battle in Surigao Strait.

The admiral wrote Frazer that the Japanese 1st Division of Vice Adm. Nishimura was destroyed by the Americans. Shima's own flagship, the heavy cruiser Nachi, was crippled by a collision with another Japanese cruiser and was limited to a top speed of 20 knots.

All factors made him decide the Americans were waiting for him in force.

"It was quite clear that we should only fall into a ready trap," Shima said. "I considered all such things — events, circumstances, possibilities. Then I came to my decision that it would be better to retreat from the strait and wait a chance to know how everything went."

The Los Angeles Examiner, which published the copyrighted letter, said it is "certain to become one of the great historical documents of the war in the Pacific."

In a preface to his answer, the Admiral wrote:

"I can even now assure you that my decisions and judgments of the day in Surigao Strait were adequate and proper . . . I have never made any protest or any sort of thing against misunderstandings, for I believe that the truth would prove by itself in the long run of history.

"But this time," he continued, "I am deeply impressed by your eagerness and enthusiasm to find out the truth of the war in spite of your age."

County Board May Appeal

Judge at Kenton Orders School District Merger

KENTON — The Hardin County Board of Education meets in special session tonight to decide whether to appeal a peremptory writ of mandamus ordering it to release the Hardin Central School District for merger with the Kenton district.

The writ was issued Saturday by Hardin County Common Pleas Judge Arthur D. Tudor.

Hardin Central petitioned the county board Dec. 10 for release from the county school system to allow it to join the Kenton system. The county board rejected the petition Dec. 18 on grounds that it was planning to organize a new district which would include Hardin Central.

The Hardin Central district is a tax-rich area encircling Kenton. It includes the Rockwell Spring and Axle Co., Durez Plastics, Inc., and several other industries with high tax valuations.

Primarily a rural area, the district has a grade school population of about 300. High School students attend Kenton High School on a tuition basis.

County Supt. Frank Blackburn said that if the board decides to appeal the judge's order it will be based on an "error of law." The board contends a 1957 law cited by the petitioners is not effective in this case.

The petition, signed by 1,284 eligible voters in the district, cited a law which says, in effect, that when over 75 per cent of the electorate of a given district petitions for release from the county board, the petition shall be granted.

William Knepper, Columbus attorney who specializes in school matters, represented the county board at Saturday's hearing. Prosecutor Paul N. McKinley disqualified himself from representing the board because he acts as attorney for the various political subdivisions including the Hardin Central board.

Fire Reports

FIRE CALLS
(Saturday)

8:05 p.m. to 345 E. Fairground St., residence of Jack Underhill, where a garage at the back of the property caught fire. The loss was estimated by Mark St. and Central station firemen at $500. They said the blaze started in a box of shingles in the building.

(Sunday)

5:33 p.m. to the Bargain City Shopping Center parking lot north of Marion on Rt. 4, where the upholstery in a car owned by P. H. Fulford of 879 Uhler Rd. caught fire from a discarded cigarette. The blaze was extinguished by firemen of the Mark St. station who estimated a loss of $40.

Repudiates Confession

PORTSMOUTH, Ohio (AP) — Charles A. Stockman, 35-year-old New Bosfon chiropractor, has repudiated his statement admitting the strangulation of his mother, Sheriff C. Russell Burns reports. Mrs. Lucy Stockham, 66, was choked to death in her home at nearby Slocum Station Dec. 13. The sheriff said Stockham claimed that some of the statements made by him were suggested by officers who questioned him.

Country Club Elects Officers

Ashworth Is Chosen President of Group

Lewis Ashworth was elected president of Marion Country Club at the annual organization meeting of the operating company board of trustees Saturday noon at the club.

Morgan E. Burke Jr. was named vice president and Paul Frye again will serve as secretary-treasurer.

Robert A. Bagley, retiring president, was host for the luncheon. Retiring trustees are Joseph Casey and John A. Maxwell Jr. Mr. Bagley will remain on the board another year as an ex-officio member.

Holdover trustees in addition to Mr. Ashworth and Mr. Burke are E. Stewart Norris, M. V. Cornell, C. L. Baxter and Dr. Carl Sheehe. New board members are Jackson H. Taft, Robert Minard and Dr. William Leffler.

All members of the old and new boards were present, including Charles D. Harmon, 1957 president who was an ex-officio member of the 1958 board.

Giant Space Lab Seen as Possible Within Ten Years

WASHINGTON (AP) — A new plan for a gigantic wheel in space—intended as a laboratory 500 miles above the earth—was proposed today.

Scientists from the Lockheed Missile Systems Division of Sunnyvale, Calif., predicted that the space art will be advanced enough to do the job in about 10 years. It would cost more than two billion dollars, they estimated.

The wheel with five spokes would be assembled in space, with ready-made units fired up to a construction crew.

In operation it would support a scientific crew of 10 men for six months completely independent of earth supply. It would have a nuclear power supply as it orbited around the earth.

The basic rocket which would boost the space station compartments into orbit would be a three-stage giant, according to the Lockheed proposal.

Crewmen would be able to return to earth in a special re-entry vehicle which would glide gradually into the earth's atmosphere and drop below the speed of sound some 25,000 feet above the earth.

At this stage the return vehicle would turn on a turbojet engine and fly as a normal airplane until it was captured piggy-back style by a mother airplane and brought in for a landing.

Social Security Changes To Take Effect Thursday

WASHINGTON (AP) — A couple of end-of-the-year reminders on Social Security changes that may affect your pocketbook:

Social Security deductions will take about an additional $2 a month from the paychecks of most working Americans after the first of the year.

The new year will also bring increases of 7 per cent in the Social Security checks received by 12 million retired persons.

The changes were voted by the last Congress.

Government pension checks mailed in February will be 7 per cent higher than before, with a minimum increase of $3. The maximum check for a retired man and his wife, both past 65, will climb from $162.80 to $174 monthly.

Steel Firms Merge

WHEELING, W. Va. (AP)—Mill facilities of Follansbee Steel Corp. will be operated as a unit of the Steubenville works of Wheeling Steel, says William A. Steele, Wheeling president.

Purchase of Follansbee facilities should be complete this week, he said, and plans for the combined operation will be revealed next month. Only mill facilities — a plant area of about 50 acres in Brooke County, W. Va., adjoining Wheeling Steel properties—are being considered in negotiations.

$8,000 Judgment Granted in Default To Upper Resident

BUCYRUS—A default judgment of $8,000 has been awarded here by Common Pleas Judge John C. Carroll to Paul F. Krock of Upper Sandusky, who sought judgment of $27,668 for injuries allegedly received in an auto accident, east of here on Oct. 1, 1956.

The judgment was returned against Ernest L. Ashcraft of Shinnston, W. Va. In the original petition, Mr. Krock had sued both Ernest Ashcraft and Wayne Ashcraft, also of Shinnston, W. Va. Proceedings against Wayne Ashcraft were dropped. Judgment was granted after the defendant failed to appear in court at the scheduled time for trial of the suit.

Mr. Krock alleged he was riding in a car driven by Clarence Kantzer of Bucyrus when it was struck by the Ashcraft car. The Ashcraft car was driven by Ernest Ashcraft and owned by Wayne Ashcraft, the plaintiff alleged.

Mr. Krock charged that Mr. Ashcraft drove left of center causing the accident. He claimed he suffered a fractured leg and numerous cuts and bruises.

President Franklin D. Roosevelt died on April 12, 1945.

Poisons Surveyed

VANCOUVER (AP) — A survey of accidental poisoning cases has been undertaken for the first time in British Columbia. Dr. John Dean, director of Vancouver General Hospital Poison Control Center, said: "We want to be able to warn parents of the most likely circumstances under which poisonings happen."

U.S. Army Engineers estimate the length of the Mississippi River as about 2,350 miles.

Aviation and National Interest

All parties professionally and financially concerned in the aviation strikes that have complicated transportation during the holiday season agree on one fact:

Aviation's labor troubles at this time stem from preparations to enter the era of jet propulsion. The issues are fundamental. More is involved than routine collective bargaining.

The same thought has occurred simultaneously to the American public, particularly that part of the public which routinely travels by air.

Vastly more than routine collective bargaining is involved when a substantial part of the aviation industry's services can be denied to the public on the order of private citizens.

Aviation is a public utility.

Airlines cannot operate without public authority. Competition is subject to public regulation. Rates and modes of operation are controlled by government.

The aviation industry is no longer an uncertain experiment in a new dimension of transportation; it is part and parcel of the nation's transportation industry.

It is as closely and strongly affected with the public interest as railroads, and in the mid-20th century it has more direct bearing on passenger service than railroad service has in those sections of the country where railroads are throwing in the sponge on passenger traffic.

The only question is how long it wil take to bring about an aviation version of the Railway Labor Act, whose provisions have influenced the railroad industry to depend more on negotiation than force. Though the act has been far from perfect in practice, it has established a procedure whose purpose is to minimize public inconvenience from the operation of a transportation utility.

Aviation has come of age. It is no longer an infant industry. Service stoppages of as few as two of its component parts can ground as many as a third of its patrons. During a season of stepped-up travel activity like Christmas, a stoppage is literally a strike against the public under whose authority the industry operates.

Much more is involved than routine collective bargaining. The transportation system of the United States is involved. If preparation for the era of jet propulsion is the issue in aviation's labor troubles, preparation for mass dependence on jet-propelled aviation is the problem raised by large-scale public inconvenience.

Commercial aviation under public license must be made responsible to the public for continuity of service.

Smart Enough To Wear a Uniform

One of the thought - provoking side effects of the reshuffling of security strategy being prompted by missile development is the upgrading of military manpower.

As the armed services adjust themselves to the new circumstances of the missile age, including the staggering cost of the military hardware that is destined to take the place of mass manpower, there will be a rising premium on the intelligence of the smaller number of men needed to handle the hardware.

The armed services will become more selective. Draftees and volunteers will need to show higher aptitude than in the past to put on uniforms, and regulars will have to prove their right to stay in uniform.

The Army already has returned to civilian life some 40,000 regulars and 30,000 draftees under a Job Performance Potential Program, whose objective is to weed out unteachables. The Navy, Air Force and the Marine Corps also are freeing themselves from the handicap of men whose ability to learn is too low to meet performance standards.

The net effect is likely to be a net strengthening of the military forces as the result of a cutback program that ostensibly weakens them. This is the same paradox that is familiar in private enterprise when manpower cutbacks occur. Only the fittest survive and by virtue of being relieved of the handicap of unfitness the survivors produce better results.

Moreover — and this is true of military survival — there is a powerful incentive for the survivors to prove their fitness. Many Army regulars who formerly thought they could afford to stand still are studying intensively to upgrade themselves.

The missile age is going to produce more than long-range retaliation. It already has produced some long-range improvement in the status of military manpower.

People Were in a Mood To Buy

A last-minute roundup of retail sales by The Wall Street Journal revealed this consensus on the popular mood this Christmas:

People were in a mood to buy. At best, they were buying at a rate that promised to raise sales volume for the entire year slightly above volume for 1957. At worst, they were buying at a rate slightly above volume for 1957. At worst, they were buying at a rate that promised to raise volume for the year above expectations.

Sales statistics always are in danger of being over-generalized, because they cannot reflect localized conditions. But even in a period of high prosperity, there always are exceptions to an over-all picture.

If the mood to buy continues into 1959—and there is no reason to believe it will not continue — the new year will start with vastly more momentum than the dying year began. There will be no sales deficit to overcome next Christmas, as there was this year.

The oddity of the 1958 depression noted by all analysts was the refusal of the American people to be as gloomy about the economic setback as the experts were. Unemployment and shortened work time were limited in their impact to those affected directly. There was no general sense of despair and uncertainty, as there was in the '40s.

This suggested that the evolution of the economy may be producing enough reserve strength to withstand setbacks that once would have shattered popular confidence. The automobile industry may not be as all-powerful in determining how people are going to feel about conditions as it has been in the past.

The thing that statisticians cannot measure and opinion polls cannot determine with dependable accuracy is how people feel. Yet, the way people feel has everythig to do with the way they behave in an economic sense.

When they feel confident, their confidence produces a good economic effect. Then they lose confidence, that has a bad effect. But the cause of the economic effect is not entirely economic. It is also tinged with the psychological behavior of people in the mass, which is still a mystery.

Whatever went into it during the Christmas buying season in 1958, what came out of it was surprisingly high rate of purchasing, all things considered. Buyers left retailers in most places with the happiest problem a businessman can hope to have — depleted inventories and bright prospects of being able to sell replacements.

France May Be Starting Something

As Charles de Gaulle pointed out, with telling effect last May, when he made his bid for French leadership, it scarcely would be credible that a 67-year-old man would be thinking about starting a dictatorship.

This statement disarmed his French critics so neatly that the question of his intentions never has been raised since then. Last Sunday, when he won his third lopsided victory in a contest for the presidency, all Frenchmen seemed to be satisfied that Napoleonism was not involved in De Gaullism.

There is this noteworthy circumstance about the contest for the presidency, which was an anticlimax in the political turnabout that has rescued France at least temporarily from the sterile bickerings of politicians.

Against 67-year-old Premier De Gaulle were Communist Georges Marrangue, 70, and non-Communist Albert Chatelet, 75. Both were stand-in contestants, to be sure, with no hope or chance of winning. But France may be starting something by this symbolic recogition of age as a plus factor in politics.

Having gone through an era in which the bright hope of youth was raised like a candle in the darkness of public disaster, there must be millions of people willing to put their trust in senior citizens for a change. The "boy wonders" have not been panning out.

There always is the vexing problem of keeping them from overstaying their welcome, moreover, when they cease to be attractive. It would be simpler, all things considered, to let them ripen in relative obscurity and rely on men whose departure from the public scene is a matter of time, not of choice.

Who comes after the new president of France is not an academic question. Though elected to serve seven years, De Gaulle knows his successor may well be chosen long before 1965. In politics, at the age of 67, as France's leader said last May, one cannot look ahead very far.

The Once Over

By H. I. Phillips

The Army has an "Operation Meathead" under which it can cancel out the "stupes," not only in uniform but during the draft. Modern war is so complex that the dull GI is a handicap. We could lose a war through slow thinkers.

Mortimer Snerd might be of heroic stuff but would be in the way in a battle calling for a mind that clicks. Bravery in a trench is not enough if the weapons that could get you out are beyond your comprehension.

A flaw in Operation Meathead is that it makes it tough on the nation's intelligent kids, taking them out of circulation and leaving the dumbbells free, unburdened and out of danger. And it opens the door wide to any draft dodger who is a good "character actor."

"Hold that line at all costs!" doesn't suffice in an age when the situation calls for a stern order, "Remember your algebra, mind your equations, sharpen up your geometry and never forget that America expects every man to make a passing grade of 98 or better."

Were Paul Revere to ride again he would need a diploma. Even his horse might be rejected if it had no high IQ.

What good is "a hurry of hoofs in a village street" in a period of history when "the shadowy something far away" is a spaceship, a guided missile or a sputnik?

Today's Revere might be "impatient to ride," but a total loss to out side if he possessed an electronic gadget for knocking on the door of every Middlesex village and farm, but didn't have the faintest idea how to operate it afoot or on horseback.

Here He Comes Again!

The Political Pro

By Raymond Moley

Strange to say, the politician who is close to the hard facts of life at all times is slow to realize how rapidly those facts are changing.

What we call the professional politician — be he a ward or district leader — fumbles the same old papers, peruses the same old registration lists, sees the same people, plods along in the same routines as his predecessors did for generations.

If he is in a district safely on the side of his party, he is content to count on his sure majority, with little effort to improve the quality of his organization or to watch the changes that are taking place in his voting constituency.

If he is in a district in which his party never wins, he plods along inured to defeat, getting the little drops of patronage that come his way from a national or state administration which happens to be of his party.

HE WOULD BE terribly upset if in a sweep his party happened to win in the district.

I live in such a hopeless Republican district in New York City. The tiny dribbles of patronage come from an occasional receivership from some of the Republican judges that sit in the county, or from the small jobs passed out in the Post Office at Christmas time.

Nothing changes much, although in the past two years 4,000 people have moved into the district and would be good hunting for a Republican organization.

It is time to reappraise and reconstruct the concept of a professional politician in this country.

What we have always called the "professionals" are people who spend a considerable part of their time in political affairs. They may hold party offices as local or county chairmen or they may have jobs at the courthouse or city hall.

THEY PEDDLE small favors to small businesses or lawyers or others. But their political methods are as antiquated as hand cranked telephones and kerosene lamps.

The greatest need in politics today is for professionalism. Organized labor has recognized this, and its methods — so effective in the past 10 years — have brought results.

Their professionals are men and women trained in the rough and ready politics of labor organizations. But they get plenty of real, even formal, instruction in every form of precinct work, in how to make friends, in how to present a case in a manner that will move voters.

Outside of that in traditionally Democratic as well as Republican communities, and also in business - in politics, complete modernization is needed, including formal teaching in political methods of the most effective, improved forms.

Training of this sort is not centered anywhere. But if some man of means who deplores the prospect of a one-party government with the New Liberalism rampant would spend a few million dollars in establishing a real institute of politics, smallish but expertly directed, to train professional workers and to do a job of research, he might change the course of political life in 10 years.

I am not thinking of a Republican school or a Democratic school, although there ought to be one for each party. But there should be a school or institute to impart modern methods of political action and to do the thinking and research necessary to enlarge and modernize those methods.

Politics is not a game or a leisure-time matter, or a hobby. It should be a real profession — decent, respected, essential to the preservation of all the values now given only lip service by Americans.

In the Mail Bag

By Hal Boyle

NEW YORK — Things a columnist might never know if he didn't open his mail:

Safety belts in automobiles could save at least 19,000 lives in the country each year and reduce injuries by 50 per cent, a Cornell University research group estimates.

HAL BOYLE

Motor cars now kill someone every 14 minutes. . . . and injure someone every 23 seconds.

Love this sign on the fence of a Texas yard bordering a golf green: "I'm a golfer, too, and I understand. But we are raising three little children behind this fence. Please try to refrain from enriching their vocabularies."

The brief leaf: Scientists figure that each year leaves trap and store from the sun energy equal to that released by burning 300 million tons of coal.

THE ROMANS really believed in a clean army . . . their troops built portable baths and carried them along on battle campaigns.

Most Americans seem to have lost the art of walking . . . but U.S. factories still turn out up to 5,000 pairs of shoes a minute.

Poor posture is now becoming common among American children as young as 4 years old . . . some authorities blame it on lack of enough protein in the diet . . . Incidentally, studies now show that farm diets are better in most nutrients than those of city people.

How many Christmas cards did you get? . . . The average family now sends out 65 cards, the average business firm about 145 . . . the three-billion Christmas cards mailed this year weighed about 100,000 tons . . . which explains why many mailmen prefer the Fourth of July.

DON'T FEEL BAD if you can't figure out why moths always fly to the light . . . scientists have many theories, but proof is difficult.

Here's some good advice from international attorney Arthur W. A. Cowan: "Don't ever worry about getting even with a man if you have to stoop to his level to do so."

Denise Lor, the singer, has an unusual iodiosyncrasy . . . before singing, she "warms up" by holding an ice cube in her mouth for five minutes . . . her explanation: "I read somewhere it's good for the throat."

Julia Meade, perhaps television's leading "pitch lady," earns about $150,000 doing commercials . . . She has 75 cocktail dresses in her wardrobe.

HOW MANY juvenile delinquents do we have? . . . roughly 500,000 children aged 10 through 17 appear in court each year . . . that's about 2.2 per cent of the U.S. children—or roughly one out of every 45.

In the pre-Civil War era 75 per cent of Southerners owned no slaves at all.

Only 25 per cent of the U.S. land area is suited to growing crops.

Among the delicacies that Marco Polo, the 13th century globetrotter, found in China were spaghetti and ice cream . . . but positively no chop suey.

How often do you bathe your dog? . . . the American Humane Assn. says that three or four times a year is plenty . . . if the animal is brushed and combed regularly.

Big Hangovers for 1959

By James Marlow

WASHINGTON — Troubled but indecisive 1958 has left some big hangovers for 1959, here and abroad. It was hardly more than a minor interlude between past and future.

On three of the most important things facing mankind — disarmament, an end to nuclear tests, and prevention of surprise attack — there was no solid agreement. There will, of course, be more talks next year.

This was the biggest recession year since the war, with as many as 5,200,000 unemployed. By year's end the United States had bounced back. But millions are still jobless and living costs, though steady in recent months, threaten to resume their rise.

NEXT YEAR LOOKS good for jobs and business. But no economist is brave enough, or stupid enough, to predict there won't be more recessions, and perhaps worse ones.

In November, the voters showed overwhelming lack of faith in the Republican party. Yet President Eisenhower remains highly popular.

He himself seems more conservative as he grows older.

In his early White House years he talked brightly of cutting government spending. And did. But this year spending hit a peacetime high, and may go even higher next year although Eisenhower still talks of balancing the budget.

ALL THROUGH 1958 the bitter, tense Southern resistance to public school integration continued and with increasingly deadly effect: thousands of white students were out of their closed-down schools. There's no end in sight in 1959.

The United States entered 1958 in gloom and doubt about its ability and its destination. The Russians, with their Sputniks of 1957, were ahead in the space age.

Americans asked themselves: Can we catch up? What's happened to us?

By year's end the United States had lifted into orbit first some tiny satellites and then the huge Atlas. It also sent two atomic-powered submarines under the North Pole.

THOSE WERE BOOSTS to sagging morale. But the contest between the United States and the Soviet Union for superiority on the earth and the space above it is just beginning.

Ominous equally for the United States and the Soviet Union was the breakneck dash of Red China to catch up with the 20th century, with its 600 million people reduced to machines and the population growing.

The brief crisis over the shelling of Quemoy by Red China was small potatoes compared with what this country faces in 1959 and later from the Chinese Communists.

They say they have the determination — and plenty of time — to dominate Asia, take Formosa, and utterly freeze the United States out of the Orient and the western Pacific.

THE REVOLUTION in Iraq was an American disaster. It virtually wrecked the Baghdad Pact — that American-sponsored alliance of nations friendly to the United States on the southern Soviet flank.

Worse still is this possibility: Communists may take over Iraq next year. This would be the Reds' first great foothold in the Middle East and a springboard for the conquest of all of it.

What may be the year's most critical problem was the sudden Soviet effort to shatter American strength and influence in Europe by demanding that Berlin be left an undefeated island in the East German Communist sea. If the United States resists, it could mean war.

If it yields, the result may be disaster anyway: destruction of the Atlantic Alliance, ruination of European confidence in America, and the Soviet Union's greatest postwar victory.

In 1959 there will be no real peace and certainly no rest.

Man With Everything

By Truman Twill

I am now the man who has everything. Santa Claus fixed me up.

Until Christmas, I lacked only one thing. I was the man who had everything, with a single exception.

I did not have an electric light bulb inside a revolving light fixture with six circles of colored glass, each circle shaped like a lens so it would project a beam of colored light.

Now I have this, too.

My needs and wants are satisfied. I can think of nothing else on earth I could have which would be worth the having.

On Christmas night, with my colored lantern going around and around, casting colored beams into all the corners of the room, I knew I'd had it — everything.

I was the first in my block to own one.

I was in a position to amaze my friends.

I was going to be a standout in any crowd.

Here was a possession that not everybody could duplicate.

Whenever conversation lagged, I could spruce it up by throwing in a few remarks about my revolving lights.

Santa Claus had outdone himself. Here was something to bring joy throughout the year — something with no practicality whatsoever.

It could be mounted atop the television mast to give pause to smart-alecky fly boys buzzing back and forth over the Twillery.

It could be kept on the dining room table, to cast a gala glow over the macaroni and cheese that would accompany the payment of the Christmas bills.

It could be strung up on a pole in the yard to suggest a carnival atmosphere on summer evenings.

It could be suspended from the outstretched hand of the iron hitching-post boy, to light the path of arriving and departing guests.

It could be used at Christmas in back of the Christmas tree to make a store-window effect.

On dull evenings, it could be plugged in as a changeoff from black-and-white television, to provide an illusion of color in the era of electronic entertainment.

There is no limit to the things a man with a revolving colored light fixture can do to make this a better world. It is the perfect adjunct to the gadget Santa Claus gave me a year ago this Christmas — a photo-electric cell that will turn a light on when it gets dark outside and turn it off the next morning.

With this hooked up to my new revolving hoot-nanny, I can be sure that wherever I am when darkness descends the lighting effects will be on schedule.

Only one thing bothers me. What can Santa Claus think of to do for an encore? I am the man who has everything, including a revolving light.

News of Other Years

40 YEARS AGO — Patrick Downs, 73, of New York City discovered that he was not a citizen of the United States, yet he had been voting for more than 50 years. A veteran of the Civil War, he tried to enlist during the World War, and was unable to find his birth certificate. He discovered finally that he had been born in Ireland and had been brought to the United States by his parents when he was four years old.

A Negro jazz band from Winchester Camp made "weird and joyous noises" which set all at the London Red Cross headquarters laughing and swaying to the rhythm. "The drumming was truly a marvel" said one English newspaper.

"The United States is as little prepared to receive the men who are now returning from France as it was unprepared to send men to France and to sustain them in 1917," Senator Chamberlin, chairman of the Senate military affairs committee declared.

20 YEARS AGO — A Congressional demand for gradual abandonment of the WPA was forecast by some legislators in discussing a proposal to make the public administration a semi - permanent agency.

Organization of a Marion chapter of the Lions Club was held at Hotel Harding with 50 charter members present. Edward J. Ruzzo, Marion attorney, was chosen president. Other officers elected were: Joe R. Roby, Merle H. Hughes and John E. Artopoeus, all vice presidents; A. C. McClellan, secretary; Roy P. Shipton, treasurer; C. W. McCorkle, tail-twister; John M. Quigley, lionta-mer; C. L. Pierson, F. L. Barnhart, Clyde Faust and G. C. Jacobs, directors.

10 YEARS AGO — People on both sides of the labor-management fence were predicting that the 81st Congress would make the closed shop legal again.

The Air Force promised a hero's welcome in New York for the 12 fliers rescued from a Greenland ice cap. Seven of the airmen were stranded on the 7,700-foot plateau when their transport went down. Five others joined them during the ensuing weeks as rescue attempts failed.

Resident of Cardington Hurt in Auto Accident

A Cardington woman was admitted to Morrow County Hospital after her auto rolled over in an accident on Rt. 42 one mile north of Cardington Sunday at 8 a.m., patrolmen reported today in the single Morrow County accident.

They said the southbound auto driven by Ruth L. Sellars, 47, of Cardington was badly damaged when it veered off the right side of the highway.

The driver was taken to the hospital in a Curl ambulance from Cardington. She suffered abrasions and bruises of the legs, a bump on the head and possible back injuries, officers noted.

About 1,220,400 square miles, or 35 per cent of Canada's total land area, is forests.

$25,000 Damage Suit Settled Here

A $25,000 damage suit filed last April as the result of a fatal auto crash on Kenton Ave. late last December, has been settled out of court, Common Pleas Court officials reported today.

Plaintiff in the action was Beulah James, administratrix of the estate of the late Franklin G. James of 369 Milburn Ave. Defendant was Mary Elkins, administratrix for the late Garland D. Elkins of 674 Sugar St.

The plaintiff alleged Mr. James died as a result of negligence on the part of Mr. Elkins. She alleged Mr. James was a passenger in a car which was struck head-on by one driven by Mr. Elkins.

Holley F. Baker represented the plaintiff and Howard Guthery was attorney for the defendant.

Galion Youth Injured

GALION — Richard Metz, 15, stepson of Thomas Barnhart of North Robinson, was treated at Galion Community Hospital Sunday and released. He cut his hand with a knife while carving a piece of wood. It required 16 stitches to close the wound.

1,000 Expected At Charity Ball In the Coliseum

Approximately one thousand Marionites are expected to attend the annual Charity Ball sponsored by the Woman's Hospital Board tonight.

Mrs. Herbert Petrich, dance chairman, said tables and chairs will be available for that number.

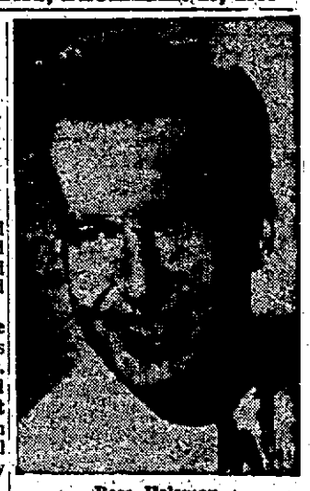
The ball, Marion's biggest social event of the year, will be held at the Veteran's Memorial Coliseum from 10 p.m. to 2 a.m. Music will be provided by the Ross Halamay Orchestra of Akron.

Mrs. Petrich said the break in the cold weather and increased facilities of the Coliseum cause expectations that the crowd will be the biggest yet attending the ball.

Though those attending should dress formally if possible, she said, no one should stay away from the dance because they cannot.

Money from this year's dance will be used mainly to support the extra day each month added to the Well Baby Clinic schedule. "Care of children," said Mrs. Petrich, "is one of the most important forms of public health and the community should support this care."

Tickets are $5 for adult couples and $2.50 for high school couples. They may be purchased from any member of the Woman's Hospital Board or at the door this evening.



Ross Halamay

The orchestra of Ross Halamay of Akron will play for the annual Charity Ball tonight at the Veterans' Memorial Coliseum from 10 to 2. Tickets may be purchased at the door.

Popcorn is a money-making project, even outside movie theaters. Farmer A. C. Greene of the Brush Creek village in North Carolina says he gets about $500 worth of popcorn per acre from his crop.

Lodge Activities

Plans are under way by Marion Shrine 15, White Shrine of Jerusalem, for purchase of a piano. Discussion was held at the last meeting when a Christmas party followed business session. Among guests from Mansfield was Milton Dye, deputy supreme watchman for shepherds. Ralph Harruff showed moving pictures photographed in Arabia when he visited there. For the Christmas gift exchange Elmer Harruff played the role of Santa Claus.

ANSWERS YOUR PROBLEMS

Dear Readers: Once in a blue moon I will devote an entire column to a single letter. I do this when the letter is, in my opinion, one of extraordinary interest to a great many people. Today the moon is blue.—ANN LANDERS.

Dear Ann: Why do you constantly advocate segregation? I am referring to your stand that elderly members of the family be shipped off to the Old Folk's home.

The problem of aged parents has been with us since the Stone Age. It has never been borne so lightly by any generation as the current one. And your advice, Mrs. Landers, hasn't done much to promote family peace and harmony.

Grandfather's chair has been a respected if not revered institution in a great number of American families since Plymouth Rock and Jamestown. Your automatic suggestion that children pool their funds and send mama and papa to an institution shows little compassion and no understanding.

I am fortunate. I have money and could well aford to pay my own way in the best of the institutions for the aged. But I have reason to believe my children would prefer to have me live with them as long as the good Lord allows.

Why do you create doubts in the hearts of elderly people who feel secure and content with their families? I think you do untold harm. Will you print this letter, please? You claim to be fair. We shall see. —GERIATRIC G.

Between the Lines

Dear G.G.: You write so well. It's a shame you don't read.

This is a PROBLEM column. People who write usually do so because they are having trouble of one sort or another. In regard to aged parents, it is rare indeed that I get a letter saying "I just love my 82-year-old mother-in-law."

"Gramps is a joy to have around the house." Because of the nature of this column, I get the beefs — not the bouquets. People write when things are bad—not good.

Although no two problems are exactly alike, a thread of similarity runs through many of the letters dealing with aged parents. More often than not, one son or daughter is saddled with the total responsibility for one or both parents while several brothers and sisters refuse flatly to help out in any way whatever.

In some cases the parent is meddlesome, crochety or an out-and-out trouble-maker. I've had many letters from harassed daughters-in-law who describe the back-breaking job of caring for an older person who is physically incapacitated, childish and not in control of his faculties.

One woman wrote recently:

"I love my father-in-law dearly but I'm afraid if I don't get some help I'll die before he does. He's 79 years old, has no sight and I must care for him like an infant. He belongs in a nursing home where he can get proper attention. But my husband says, 'My father will die in the home of his loved ones. We'll send him to a nursing home over my dead body.' Well, Ann, I'm afraid it will be over MY dead body!"

In such cases I strongly advise the wife to get moral support from her clergyman. Often he can make the husband see the light. No woman should be a 24-hour slave year after, year to save her husband from needless guilt feelings.

In some instances the older person has lost contact with reality and is unable to identify his surroundings or the people who are caring for him at great personal sacrifice. Under these circumstances home care makes no sense whatever.

Not all older folks are a problem. Some are hale, hearty, cheerful, helpful and a source of genuine pleasure to those around them. If they went off to a home for the aged they would be sorely missed.

But I don't hear about these people very often—because this is a problem column. Remember?—ANN LANDERS.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Marion Star enclosing a stamped, self-addressed envelope.

Three Injured In Auto Crash

2 Cars Collide Just North of Westerville

DELAWARE — Three persons were slightly injured in one of three accidents investigated Sunday in Delaware County by state patrolmen.

Officers said the injury mishap occurred on Rt. 3 just north of Westerville at 4 p.m. It involved northbound cars driven by Domenic Salvadore, 32, of Columbus, and James E. Johnson, 31, of Sharon, Pa.

According to the report, the Salvadore vehicle was attempting a left turn into a private drive drive when the Johnson car started to pass it and the two autos collided.

Both cars were considerably damaged, patrolmen said. Three passengers in the Johnson car sustained bruises but did not require treatment.

A Columbus man's car was slightly damaged when it skidded out of control on any icy spot along Rt. 23 about 10 miles south of Delaware and plowed through a fence at 2:30 a.m.

Patrolmen said the northbound auto was driven by Charles E. Buchanan, 25,

A housemother at the Scioto Village Girls School escaped injury when her westbound auto skidded out of control on Delaware County Rd. 124 early Sunday and struck a telephone pole.

According to the report, the westbound vehicle driven by Virginia L. McCammon, 26, of Worthington was considerably damaged in the mishap, which occurred at 6:40 a.m. seven miles southwest of Delaware.

Face Driving Charges

Two men were arrested Sunday by city police on charges of driving while intoxicated. They were: Stephen Herman, 47, of 668 Henry St., arrested at Pearl and Columbia streets at 4:20 p.m., and Hubert W. Harris, 48, of Upper Sandusky, arrested at 1 a.m. on N. Main St. Both were to appear in Municipal Court today.

Five-Week Airline Strike Likely To Spread to Third Carrier

Ticket Agent Union Slates Strike Vote

Tieup Would Affect National Airlines; 2 Others Still Grounded

By The Associated Press

The threat of a strike next month against National Airlines loomed today as two other major airlines remained grounded by labor disputes.

The Air Line Ticket Agents Assn. said in Miami Sunday it was preparing to take a strike vote over discharge of a National employe in New York last year.

A union spokesman said if the vote favored the strike, it could begin early next month.

One third of the nation's commercial airliners currently stand idle because of strikes at Eastern Air Lines and American Airlines.

The New York Times said the federal mediators plan to offer a new proposed settlement of the dispute between Eastern and its flight engineers.

The engineers quit work Nov. 24, protesting a company demand that they qualify as jet pilots.

Machinists at Eastern went out the same day, both in support of the engineers and for an improved contract. They reached settlement with the company Dec. 14 and withdrew their pickets Sunday after official tabulation of a vote to accept the agreement.

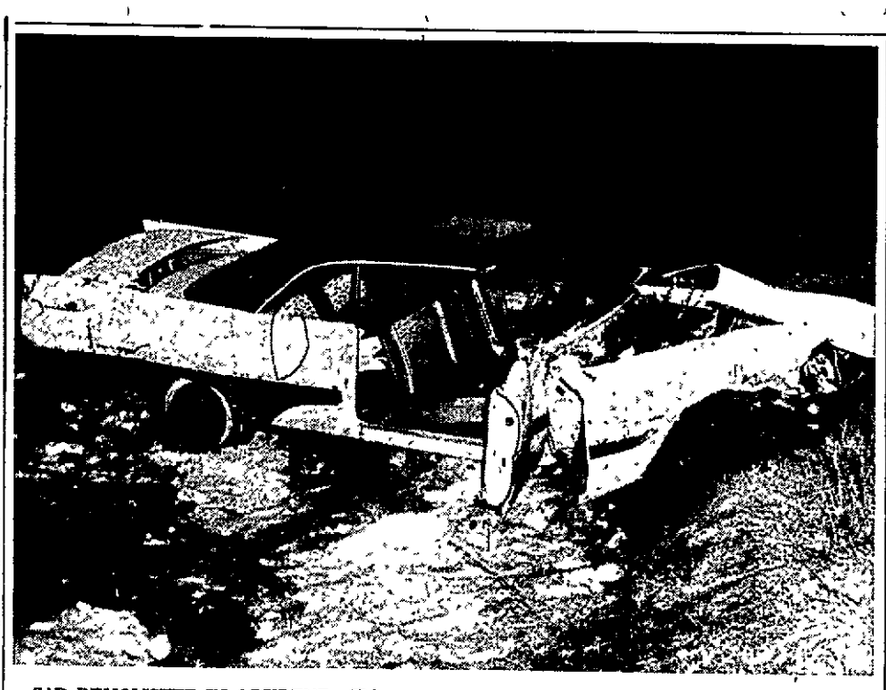
But machinist union officials have indicated their members will not be asked to cross engineers' picket lines.

The Air Line Pilots Assn. said today it is ready to decide quickly whether to accept a proposal for ending the 10-day American Airlines strike as soon as some points of the National Mediation Board's settlement plan are clarified.

C. N. Sayen, president of ALPA, sent a telegram to Leverett Edwards, chairman of the mediation board, Christmas Day and talked with him by phone Friday.

Edwards' plan was accepted immediately last week by American Airlines whose operations were shut down by the Dec. 19 walkout of 1,541 pilots.

Apparently a union decision will be made when revisions of questioned clauses in the 12 - point agreement, acceptable to American, are delivered in writing from Edwards.



CAR DEMOLISHED IN ACCIDENT. This car was wrecked when struck by a New York Central train at the Rt. 203 crossing west of Marion Saturday night, but the driver, Mrs. Dorothy A. Sims of near Waldo, escaped serious injury. She was treated for possible back injuries at Marion General Hospital and released.

Dispute Arises Over Housing In Des Moines

Human Rights Group Calls Special Session After Cross-Burning

DES MOINES, Iowa (AP)—The Des Moines Human Rights Commission, spurred by a cross burning Saturday, will hold a special meeting this week to cope with the city's housing integration problems.

The problem came into the open when a cross of oil-soaked hay was touched off on the lawn of a Des Moines minister who had sold his home to a Negro family.

Malcolm Higgins, executive secretary of the commission, said a meeting will be held in the next day or two to discuss recommendations to the City Council.

The Rev. Ian J. McCrae, minister of education at University Christian church, sold his home to Mr. and Mrs. Harold Carr, a Negro couple displaced by the Des Moines Freeway.

While the Rev. Mr. McCrae was out of town Saturday, the flaming cross was touched off on the front lawn of the home. His wife, three children and his mother were in the house.

Most neighbors of the Rev. Mr. McCrae expressed indignation over the burning of the cross.

The McCraes said they sold their home to the Carrs because "we understand that Negro families are not allowed to buy homes anywhere they want to in Des Moines the way we are."

Carr and his wife are both 43. He is a storekeeper at Solar Aircraft Co., and served with the Coast Guard during World War II.

Ohio Counts 27 Traffic Deaths Over Holidays

By The Associated Press

Only the fact that other states posted staggeringly high accidental death rates prevented Ohio from again leading the nation in holiday fatalities.

The state's over-all toll was about the same as last year, when Ohio had the highest accidental death rate in the nation.

This year, from 6 p.m. Wednesday—when The Associated Press' survey began—until midnight Sunday, 23 people died in traffic, 2 as the result of fires, 3 from miscellaneous causes.

Last year, 24 died in traffic, 4 in fires and 3 from miscellaneous causes.

In addition, a 64-year-old ex - steelworker plunged to his death from a second floor stairway Saturday night at Lorain in an accident which has not been ruled on. He was Nick Jacovetti.

Verdict Withheld

Nor has the death of Gennaro Santillo, 61, at his Cleveland Heights home Sunday, been ruled on. Police think he suffered a heart attack while watching television and smoking, and the couch on which he was seated caught fire. Santillo was found dead, badly burned.

Outside the state, Ronald D. Lyon, 19, originally of Martha, Ky., was killed in a two-car crash near Greenup, Ky., Sunday as he was returning to Columbus to work. His pregnant wife is seriously hurt.

Ohio recorded the first fatality in the nation for the Wednesday-to-Sunday period when Mrs. Carol Elliott of Dayton died shortly after 6 p.m. Wednesday in a crash in Greene County.

Fatalities Listed

Among the fatalities were:

Saturday

Dorothy Fetcenko, 31, Rt. 2, Elyria, when her car was struck from behind by another between Elyria and Lorain on Ohio 57.

Mrs. Mary Schultz, 58, Cleveland, in a fire in the basement of her house.

Sunday

Jane Ellen Gulau, 7, of near Port Clinton, in a car collision near Port Clinton.

Mary L. Bailey, 67, Rt. 1, Colerain in Belmont County, of injuries received late Saturday afternoon when she stepped into the path of a car on U. S. 250 about five miles west of Bridgeport.

Mrs. Sally Ann Smith, 33, Columbus, pinned between her husband's car and a telephone pole after being hurled out when the car skidded on U. S. 40 near Jacksontown in Licking County.

Ralph Baldwin, 25, Dayton, crushed when a car he was repairing fell off cement blocks.

Eugene Robinson, 22, Sandusky, when his car went off U. S. 250 north of Norwalk and hit three trees.

Mrs. Olive Fields, 48, Columbus, overcome by smoke during a fire at her house Christmas night.

Toledoans Walter Janzak, 33, his wife Ernestine, 27, and their children Hilda Marie, 5, and Betty Ann, 6, when a mail train hit their car at an unmarked crossing near Toledo.

Lima Boy, 7, Killed as Fire Sweeps Home

LIMA, Ohio (AP)—A 7-year-old boy suffocated today in his bed when a pre-dawn fire swept his home. His parents and their other two children escaped.

The victim was Michael Cira, son of Mr. and Mrs. Anthony W. Cira.

The mother, Mrs. Eileen Cira, 36, suffered shock, bruises and a back injury when she jumped from the front porch roof with a 5-year-old son, August, in her arms. August is a cerebral palsy victim.

A daughter, Barbara, 2, was rescued by firemen from a closed second-floor bedroom. She suffered minor burns.

Firemen forcibly restrained the 39-year-old father from re-entering the blazing house in search of the boy who lost his life.

Defective wiring was believed responsible for the fire. Damage was estimated by firemen at $15,000.

Strike

(Continued From Page 1)

Mail Deliverers Union's 4,400 members and to 15,000 nonstriking newspaper employes laid off when the plants shut down.

Terms of the agreement were settled by negotiators Friday night.

Provisions of Pact

The new contract included a $3.55 pay increase the first year and $1.75 the second. Benefits included Columbus Day off as a ninth paid holiday and three days of sick leave annually, to begin in 1960. Unused sick leave will be paid in wages at the new scale.

The deliverers also won a reduction from 53 to 50 pounds in the weight of bundles they handle.

The basic prestrike wage was $103.82 a week.

The new pact is estimated to be worth $7 weekly to the deliverymen.

Asher Schwartz, union attorney, said the new contract would be in effect as of Dec. 7, when the old pact expired.

Barney G. Cameron, president of the Publishers Assn. of New York City, estimated the cost of the strike to the newspaper publishing business alone at 25 million dollars in revenue.

The City Commerce Department said that retail stores, lacking normal advertising channels during the heavy holiday shopping season, missed about 7 per cent of sales potential. This comes to about 10 million dollars.

Pay losses incurred by employes ran to about five million dollars.

possible back injuries, but was not hospitalized, after her auto was struck by a New York Central Railroad diesel engine and knocked 91 feet from point of impact.

Patrolmen said the car-train collision occurred on Rt. 203 at the New York Central Railroad Crossing three and one-half miles west of Marion at 11:55 p.m. Saturday.

According to the report, the northbound vehicle driven by Mrs. Dorothy A. Sims, 38, stalled on the crossing just as the westbound train was approaching.

Officers said the driver was unable to get out of the car in time to avoid injury. The diesel engine smacked the auto with such impact that it was demolished.

Mrs. Sims was taken to General Hospital in a Boyd ambulance. She was treated and released. Patrolmen identified the train engineer as N. A. Clatterbuck, 53, of Cleveland. The diesel engine was considerably damaged.

—:—

MRS. ROBERTA KEEL, 38, of 693 Sugar St. was charged with failure to obey a stop sign after her westbound auto failed to stop at the end of County Rd. 107 and crossed Rt. 4, careening into a ditch.

Patrolmen said the car was only slightly damaged and Mrs. Keel escaped injury in the mishap, which occurred at 2:45 a.m. Sunday one mile south of Marion.

The intersection of Rt. 23 and County Rd. 26 five miles north of Marion was the scene of a two-car collision Saturday at 12:15 p.m.

Drivers involved were identified as Paul E. Conley, 48, of 1069 Uncapher Ave., and Oscar H. Clarkson, 42, of near Marion, both northbound on Rt. 23.

Patrolmen said the collision occurred when the Conley car was attempting to pass the Clarkson auto as the latter attempted to make a left turn into the county road.

Considerable damage was done to the Conley vehicle and minor damage to the Clarkson car.

Mattie Stephens, 52, of near Cardington was arrested on a charge of improper backing after a Rt. 95 accident one-half mile east of Marion at 11:40 a.m. Saturday.

Officers said the Stephens car backed north out of a private drive into the path of an eastbound car driven by Frederick R. Long, 20, of near Marion. Both autos were considerably damaged.

A sideswipe accident on Rt. 23 two and one-half miles south of Marion at 7:40 p.m. Sunday is still under investigation today, patrolmen reported.

They said an unidentified car sideswiped a southbound auto driven by Carey G. Sutton, 66, of Ashland. Only minor damage was done.

Wayne E. Bierce, 53, of near Marion, was charged with improper backing after a collision on County Rd. 138 one-half mile south of Marion at 10:45 a.m. Sunday.

Officers said the Beirce auto backed into a stopped eastbound car driven by Robert J. Smith, 31, of near Cardington. Both vehicles were slightly damaged.

Two Injured in City

Two persons were injured in one of nine traffic accidents investigated Sunday by Marion police. Hurt in an accident in the 700 block of N. Main St. at 4:31 p.m. were Mary Frances Martin, 29, of Atlanta, Ga., with a left leg injury, and Laura Eva Pribe, 53, of near Kenton, with right elbow injury.

Both were to be treated by physicians.

Mary Martin was a passenger in a car driven by Alvin Martin, 59, of Atlanta, Ga., which struck a car driven by Howard W. Pribe, 54, of near Kenton from the rear, police said. Mrs. Pribe was a passenger in the car driven by her husband. Police arrested Mr. Martin on a charge of failure to stop within assured clear distance ahead.

Cars driven by Dorothy V. Burkepile, 43, of 329 E. Fairground St. and Charles N. Eblin, 43, of near Marion were involved in a collision in the 400 block of Leader St. at 9:14 a.m. Mrs. Burkepile was traveling south and lost control of her car. It spun around in the street, went backwards across the curb and sidewalk, struck and damaged the front door at 492 Leader St., and then rolled back into the street and struck the northbound car driven by Mr. Eblin.

A car driven by Irwin Bumgarner, 38, of 383 Leader St. struck a car parked in front of 288 Johnson St. at 12:35 a.m. The parked car was owned by Gerald Maynard of the Johnson St. address.

A car driven by Paul Borovsky, 43, of 1208 Woodbine Ave. was struck from the rear at W. Center and Orchard streets at 12:11 p.m. The driver of the other car was Donald Griffith, 38, of 458 Olney Ave., police said.

A one-car accident in the 400 block of Summit St. at 10:57 a.m. involved a car driven by Ford D. Chestnut, 68, of Corbin, Ky. He was making a right turn off of Mt. Vernon Ave. and his car skidded on the ice.

Each of the other four accidents in the city caused less than $100 total damage, Marion police estimated.

Marion Area Traffic Cases

Disposition of four traffic cases was reported today by Marion Municipal Court. They were: Clifford L. Elkins, 43, of Kokomo, Ind., forfeited a $50 bond, no mud flaps; Charles R. Taylor, 30, of 282 E. Walnut St., $15 and costs (suspended), speeding; Gail R. Waggy, 29, of Sycamore, $15 and costs speeding; James J. Pelfrey, 34, of near Marion, $15 and costs, no turn signals.

—Crawford—

BUCYRUS — Six of the nine drivers arrested in weekend traffic by state patrolmen here were charged with speeding, patrolmen reported today.

Four of the six drivers were slated to appear in Bucyrus Mayor's Court. They were: William A. Vanarsdall, 50, of Dayton; Gerald G. Walker, 23, of Akron; Dillard Thompson, 25, of Ingram, Kay., and Douglas A. Goode, 30, of Lorain.

Other drivers charged with speeding and the courts in which they will appear are: Raymond Black, 29, of Galion, Galion Mayor's Court, and James R. Case, 20, of Galion, Crestline Mayor's Court.

The remaining driver's arrested, charges and courts in which they will appear, are: Wilbur L. Bechtel, 38, of Galion, reckless operation, Galion Mayor's Court; Albert F. Frey, 55, of Forest, sifting truck load, Upper Sandusky Municipal Court, and Edith V. Spurlock, 37, of Carrothers, failure to dim headlights, Bucyrus Mayor's Court.

—Morrow—

Henry Feeman, 28, of near Lexington, charged with speeding, was cited to appear in Mount Gilead Mayor's Court in the single Morrow County weekend arrest reported today by Marion post patrolmen.

—Wyandot—

UPPER SANDUSKY — A reckless operation charge, filed by sheriff's deputies against William Biglin of near Upper Sandusky, was dismissed Saturday in Municipal Court here.

will keep the budget deficit to about $1,100,000,000, some 300 million less than it was last year. But the loss of subsidies will send prices on those items up.

Higher Spending in Algeria

More spending in Algeria, both for the military campaign against the nationalist rebellion and for the ambitious economic program De Gaulle wants to launch to better the lot of the Moslems.

The little he promised to brighten the dark picture included a raise in the lowest minimum wage levels, and increases in unemployment benefits to bring jobless pay to the minimum wage. There was also indication of improved hospitals, housing and schools.

De Gaulle said the revolt of the colonials and the army in Algeria last May, which brought him back to power, actually resulted "from the general conviction that the public powers were impotent which comprised, naturally, those striking our economy."

Situation Still Precarious

"The confidence of the country," he continued, "has permitted us, in this realm as in others, to reverse the tendency and ward off the most threatening. However, the situation remains precarious, that is to say, dangerous.

The franc now drops from a rate of 420 to the dollar to 493. This means that French goods sold abroad should sell for 17.5 per cent less, but Frenchmen in turn will have to pay 17 5 per cent more for what they import.

Since France is a big importer of raw materials, hardly any item on French store shelves will be spared a small rise in price.

rate was one death every 13¼ minutes.

There were several multiple death accidents during the long holiday weekend. Eight died in two crashes Sunday, including four young Milwaukee men in a smash-up near Racine, Wis., and four persons in a collision on icy pavement in morning fog near Greenup, Ill.

Fires took a heavy toll, including a rash of multiple death dwelling blazes. The worst single fire took the lives of a mother and eight of her children in a farmhouse near Auburn, Wash. The record number of holiday fire deaths was 111 in the four-day 1951 Christmas period.

This year's over-all accident death total compares with the record of 884 in the four-day 1956 Christmas weekend.

The over-all total also compares with the 552 reported in an Associated Press survey for a non-holiday test period from 6 p.m. Wednesday, Dec. 10, to midnight Sunday, Dec. 14. Included in the survey, made for comparative purposes, were 341 traffic deaths, 106 killed in fires and 105 deaths in miscellaneous type accidents.

TODAY'S ALMANAC

Sun rose at 7:52 a.m. and sets at 5:15 p.m.

Cooler Weather Forecast Tuesday

The unseasonably warm weather which prevailed in Marion County over the weekend is expected to stay on at least through tonight, according to today's weather forecast. Somewhat colder weather is predicted for Tuesday.

Highs of 47 were registered both Saturday and Sunday. Lows were 23 and 24 degrees respectively.

A heavy fog shrouded the countryside early this morning, but most of it had dissipated by 7 a.m. Skies cleared at dawn and a bright sun rose to continue the thawing of accumulated snow.

At noon today the thermometer read 43, with 52 the day's anticipated high. A low of 34 is on tap for tonight. Tuesday's expected high is 45.

Late Arrivals

GRANTS, N. M. (AP) — When postage went up in price, there were red faces at the Grants Post Office. The new supply of four-cent stamps didn't arrive for first-day use.

Legislature

virtual strangers to the average Ohioan.

—:—

NEITHER HOUSE has elected a hell-for-leather type leader. In fact, the kingpin of each house probably will find it difficult to muster enough self-assertiveness to lead his flock through a probably wild and woolly session.

Senate Majority Leader - Designate Frank W. King of Toledo is a quiet, serious man of 46. His most colorful characteristic is his wavy auburn hair. He is a hard-fighting, intelligent liberal. His past record indicates nothing of the flambouyant about him.

House Speaker-Designate James A. Lantz (pronounced Lahntz) of Lancaster is a tall, quiet, handsome young man of 37, studious and almost shy. His friends peg him as something of a conservative. He apparently has been tapped by Democratic brass—including Gov.-Elect DiSalle—as one of the future wheels of the party in Ohio.

—:—

THE SENATE has a built-in president, the lieutenant governor. Its majority leader is president pro tem. The other powerful spot is that of Senate clerk, an appointive post. Democrats have chosen Joseph W. Bartunek of Cleveland for that $12,000-a-year spot.

Now only 34, Bartunek has been minority leader in the Senate for the last eight years. He did not seek re-election this year.

In the House, a legislative veteran from Dayton, Jesse Yoder, will be the majority floor leader. At 56, he is by 10 years the oldest of any of the leaders in either house. And, at 33, House Majority Whip Norman Fuerst of Cleveland will be the youngest.

Another legislative veteran who did not seek re-election has been appointed House clerk. He is Arthur H. (Brady) Milleson of Freeport, Harrison County. Milleson, 46, got his nickname from his father.

Next: Democratic Promises.

President Given Report On Soviet ICBM Output

WASHINGTON (AP) — An estimate that the Soviet Union will have 300 intercontinental ballistic missiles within 18 months and that at least half of them will work has been given to the Eisenhower administration.

The prediction was made by the Rand Corp., which does research work for the Pentagon. It was made public over the weekend at a session of the American Assn. for the Advancement of Science.

In the current issue of Foreign Affairs, an article by Albert Wohlstetter said the "delicate balance of terror" on which American policy is based is not automatic and that, while feasible, "it will be much harder to achieve in the 1960s than is generally believed."

Seek Missing Balloon

LONDON (AP) — A new call went out Sunday night for south Atlantic and Caribbean shipping to watch for the British balloon trying to span the Atlantic. Venezuelan officials decided a report that it had come down in their country was a hoax.

The London Daily Mail, sponsor of the 3,000-mile trip, requested Lloyd's marine insurance agency to put out the radio message.

Opera Star Sues

ROME (AP) — Temperamental soprano Maria Callas is trying to collect 2½ million lire—about $3,500—from the Rome Opera Co. because she was not allowed to appear again after walking out on opening night last Jan. 2.

The American star is asking that amount in damages, plus her travel costs and other expenses in a suit she has filed.

Arrested as Spy

BERLIN (AP) — A top official of a private West Berlin intelligance agency has been arrested on suspicion of being a Communist spy.

West Berlin police said the man is Dr. Kurt Werner, 59, head of an economic section of the League of Free Jurists.

Radio and Television

By JOHN CROSBY

Ten Years Behind

"They are about 5 to 10 years behind us on television," said Mike Wallace, who visited Russia recently and inspected its television in several key cities.

JOHN CROSBY

"Their picture is good — better than ours really but not so good as France's. But they are not as imaginative as we are in staging and their lighting is terrible. This is strange to me, because they seem to be so sophisticated in their theater.

"For instance, I saw the new Khachaturian ballet in Leningrad. It was four hours long. Most lavish production I've ever seen. It had a cast of 250 dancers doing the sexiest dances in the world.

"Khruschev was there that night and he sat for the entire four hours. So it surprises me that TV is so dull," says Wallace, whose new book, "Mike Wallace Asks," is now in the stalls.

-:-

RUSSIA NOW has 55 television stations and its inhabitants have 3½ million sets. Virtually everyone has a TV set in Moscow on which he can watch Moscow's two channels.

And what do they see? Well, on the average evening it's likely to be maybe a feature film about Jack and Jill overfilling their wheat norm in Mzensk. Or there might be a stimulating documentary about fishing in the Baltic or how they make shoes in the Ukraine or—if they're very lucky—how to run a pencil factory in the Urals.

There might be a concert which is likely to be of classical music by Russia's great stable of composers. However, they do use other composers, including such American stalwarts as Copeland and George Gershwin, Wallace revealed.

On most concerts, says Wallace, a singer or a quartet of singers carol their songs, seated on chairs. When they finish, they rise in the empty, darkened studio, bow to the camera and the picture goes to black. It's real dull.

-:-

REPORTAGE is done live and the big red hot news is not what is happening in the Kremlin or in Little Rock—it's how the guys on the collectives filled their norms.

There are live remotes from factories and from farms, the reporters interviewing the managers and the workers right from the spot.

Sometimes television does a play and then they simply buy out the house. That provides the sole pay for televising the play and the cameras simply record it from the empty theater for three hours uninterrupted.

"We never were invited to a Russian home to see TV, so we put in for a visit to a collective farm," Wallace said. "We all got so drunk we couldn't see TV anyway.

"When we sat down to dinner, there was a bottle of wine at each place setting and with 15 people that made 15 bottles.

"Then we played toastmanship. They'd toast Lenin. We'd reply to that by toasting Franklin D. Roosevelt. Everybody proposed peace, friendship, understanding. Each toast was a bottoms-up affair. A man can get awful drunk doing that."

-:-

IT MAY surprise you to learn that they do have commercials in Russia. There are about 10 minutes of them, all lumped together in a glorified want ad section. It costs about a ruble a word or 100 rubles a minute.

Russia has no TV critics as such but plenty of TV criticism. TV criticism is done under the guise of editorializing and it is unsigned. At best it simply is signed "An Observer." But it's nice to know that even in Russia they are critical of TV.

Russian entertainers are very good and very well paid. Raikin, who is the Bob Hope of Russia, gets about 15,000 rubles a week, which is roughly $3,500—and the top tax rate is 13 per cent, which will make Bob Hope green with envy. Script writers for a 90-minute show get 25,000 rubles.

"Warsaw has television which is a little more imaginative," Wallace said. "I watched a two-hour detective show on Warsaw TV. The detective, modeled after an American detective, wore horn-rimmed glasses with lenses as thick as binoculars, a trench coat with padded shoulders out to here, a crumpled hat with a two-foot brim.

"Incidentally, the only attractive women I saw in Russia were the announcers on television."

New Year's Election

ATLANTA (AP) —While most folks are resting from New Year's Eve, Thursday will be election day for citizens of suburban North Atlanta.

The charter for this community of 15,000 calls for elections to be held the first Thursday in January.

Film Actor Arrested

HOLLYWOOD, Calif. (AP) — Police booked actor Dan Dailey, 6-foot-4 song and dance man, on suspicion of drunk driving Sunday after his car struck another waiting for a traffic light.

Officers said they had to handcuff Dailey and that he refused to take an intoximeter test. Dailey blamed the accident on the fog.

Negro Minister Ends Services at All-White Church

STAFFORD, Conn. (AP)—Eight years ago, the Rev. Dr. Roland R. Heacock created a stir when he became pastor of the Staffordville Congregational Church.

Dr. Heacock is a Negro. The congregation at the century-old church is all white.

Dr. Heacock retired Sunday. He will be 65 Tuesday. He looked out at his congregation, which has grown in the past eight years, and said: "We have exerted a strong and wholesome influence in the field of race relations, particularly in the Christian church. . . . We are glad that we had a part in this good work."

In his farewell sermon, the pastor recalled his arrival in 1950.

". . . The event was flashed across the nation in newspapers, radio and television as big news," he said.

"Today many churches have followed our example and called Negro pastors to serve their needs and integrate their membership."

Now that he's retiring, Dr. Heacock isn't going to quit working. He plans to lecture to the Little Rock, Ark., First Congregational Church in March. Later he will speak at Montgomery, Ala.

American Samoa consists of six islands southwest of Hawaii.

Colts Sink Giants 23-17 in Sudden Death Period

Drive of 80 Yards Clips New Yorkers

NEW YORK (AP) — If they play pro football for 100 years, they never can top Baltimore's first championship snatched in a sudden death playoff 23-17 after New York refused to gamble.

The Giants coddled a 17-14 lead with 2½ minutes to play after an electrifying second half comeback. It was fourth down and inches to go on New York's 43. A first down probably would have permitted the Giants to run out the clock on four ground plays. A punt would give the Colts another chance.

Go for broke? Or play it safe?

Giants Play It Safe

Coach Jim Lee Howell elected to play it safe. The Giants punted, Baltimore struck back to within scoring range and tied the score 17-17 on Steve Myhra's 20-yard field goal.

Johnny Unitas' passing and Alan Ameche's inspired running produced the winning touchdown in 13 plays in 8:15.

Through the long winter nights many will question Howell's strategy. If he had gambled and not made the yardage, a Baltimore field goal was almost a sure thing. So he played it safe and lost anyhow.

Perhaps the most gripping moment in the heart throb special came when Myhra, who had done double duty as a linebacker after Leo Sanford's first period injury, kicked his hurried field goal. The clock showed only 10 seconds were left when he booted the ball high against the glare of the Stadium lights.

The Giants and most of the home crowd of 64,185 fans thought they got a break when they won the toss of the coin and chose to receive in the sudden death extra period, the first ever played in a regular championship game.

Once again they came to a 4th and 1 situation but this time they were deep in their own territory on the New York 29. A messed up gamble would have given the Colts a sure game-ending field goal. The punt was the obvious strategy and Chandler boomed a lone one that Taseff returned a yard to the Colts' 20.

Ameche Scores From 1

In 13 plays Baltimore's fine offense ground out a touchdown with Ameche crashing over right guard from the 1 through a gaping hole.

Unitas, who couldn't play when the Giants beat the Colts 24-21 in the regular season because of three damaged ribs, was simply tremendous. The former Louisville star, who was snatched from the sandlots by the Colts, completed 26 of 40 passes from 349 yards.

Time after time he hit Ray Berry, who caught 12, on beautiful pass patterns that split the Giants' defense.

Gino Marchetti, who suffered a broken ankle and was carried off the field on a stretcher late in the game, rushed Giants' quarterback Charley Conerly all afternoon. The Colts' defensive line was superb, giving Conerly little time to throw, the line backers covered in excellent style and the deep men did their job.

Connect With Schnelker

Conerly connected with Bob Schnelker for a 46-yard pass on the first play of the fourth period and threw to Frank Gifford for the touchdown that put the Giants ahead with only 53 seconds gone in the period. Pat Summerall's second conversion made it 17-14.

Gifford, whose 38-yard-run set up Summerall's field goal, fumbled in the second period and the Colts marched from the Giants 20 to score with Ameche smashing from the 2.

Another Gifford fumble as New York had the ball on the Colt 10 spurred Baltimore to a 86-yard drive in 14 plays. Unitas hit Berry with a 15-yarder for a 14-3 halftime lead.

A Giant goal stand gave New York the ball on their five late in the third period. An 86-yard gain soon resulted when Conerly passed to Kyle Rote, who fumbled when hit but teammate Alex Webster picked up the ball and raced to the 1. Then, Mel Triplett bulled over for a 14-10 lead.

Two Baltimore thrusts were blunted by the Giants, one when Bert Rechichar's 46-yard field goal attempt failed. With time running out, the Giants racked up one first down and reached the New York 43 on 4th and 1 (actually inches) when they punted and the Colts came back with their tying field goal.

All the statistics ran heavily in

Five-Year Plan Pays

Ewbank Missed Forecast, Required Overtime Action

NEW YORK (AP)—Coach Weeb Ewbank's five-year plan to bring the Baltimore Colts the National Football League championship has succeeded.

But with a smile on his face and tongue in cheek, he apologized for the Colts' 23-17 victory Sunday over the New York Giants at Yankee Stadium in an unprecedented sudden-death playoff.

"I miscalculated," he told Colts' President Carroll Rosenbloom in the team's tumultuous dressing room.

Needed Extra Quarter

"I predicted it would take five years to build a champion. It took me an extra quarter."

Actually it took the Colts an 8:15 extra to score the winning touchdown on the arrow-straight passing of Johnny Unitas and the one-yard touchdown smash of bulldozing Alan Ameche.

"We just had to win because this was the better ball club out there," said Ewbank, a one-time assistant to Paul Brown at Cleveland. "And we never give up, that's us. That's characteristic of a great team, to come from behind. And they have been doing it all season."

One of the many Baltimore stars was Steve Myhra, who kicked the 20-yard field goal that tied the score at 17-17 with ten seconds to go in regulation time.

"I had to hurry the kick," he said, "The Giants had blocked one attempt in the second quarter. I knew all the marbles were on the line. But I thought I just couldn't let a great bunch of guys like these down. It sure felt good when it went over."

No Apology Needed

There was no apology from New York Coach Jim Lee Howell for his decision to play safety - first twice in the key moments of the tense, thrilling title playoff.

Both plays were fourth down and one to go situations.

The most vital call was in the fourth quarter; the other in overtime.

The Giants led 17-14 with 2½ minutes to play in the fourth quarter. A short run made it fourth down and inches to go on the Giant 43.

This put it up to Howell. A Giant first down would have enabled New York to run out the clock.

"There never was any doubt in my mind about calling on Don Chandler to kick," said Howell. "If we don't make the first down, then the Colts are in a spot to move up for the tying field goal."

Radnor Sinks Bremen Team In 40-37 Duel

RADNOR — Radnor's Trojans clipped Bremen 40-37 in consolation action Saturday night at the Utica Holiday tournament at Utica High School.

Jacksontown's flashy, well balanced quintet, clipped the host team 77-60 for the championship.

Radnor forged into a 10-3 lead in the first period but trailed 20-19 at the halftime intermission. The winners came back to take a 31-28 margin after three quarters.

Ted Coonfare pumped in 19 points to lead the attack for the Trojans while Waddell finished with 10. Harper netted 13 to top the losers' scoring.

The Trojans will resume action Saturday night when they visit Pleasant in a non-league engagement.

County Squad Seeks Title at Tiffin Tourney

Two successful free throws by Dick Riddle with three seconds remaining gave Gulliford Hardware a 68-67 win over McCullough Motors of Findlay in a holiday tournament semifinal game Saturday at Tiffin.

The Green Camp squad held a slim lead most of the way before Findlay moved into a 67-66 lead. Gulliford led 11-10 after the first quarter and was clinging to a 39-30 margin at the half. The winners went into the final quarter with a 58-50 lead. They retained a 10-point lead with four minutes to play before Findlay started its move which was nullified by Riddle's charity tosses.

Sharrel Leffler led the attack for the winners with 27 points while Bill Coder netted 14 and Riddle finished with 11. Higgins had 25 for the losers while Lanning hit for 12 and Ammons had 11.

The Green Camp crew will return to the Tiffin YMCA tonight for the championship contest.

Welterweight Champion Facing Narcotics Probe

LOS ANGELES (AP)—Officers arrested world welterweight boxing champion Don Jordan on suspicion of narcotics possession Sunday.

Four other young men in a car with him also were booked.

Jordan denied any knowledge of a freshly crushed marijuana cigarette butt which officer Robert Ludwig said he found on the floor of the back seat.

Jordan, 24, won the 147-pound crown Dec. 5 from Virgil Akins.

Jordan was released later on $1,000 bail.

Flyers Fall To St. John In Tourney

COLUMBUS, Ohio (AP)—Cincinnati, Ohio's only major unbeaten college basketball team, will be moving into a hornets' nest today when the Bearcats start play in the Dixie Classic.

Oscar Robertson and company take on not-too-tough Wake Forest in the tourney opener. But the second-ranked Bearcats may have to tangle with any one of three classy teams before they can wear the coveted Dixie crown.

In addition to unbeaten North Carolina, ranked No. 3, there are Michigan State, No. 9, and North Carolina State, No. 6, to contend with.

Dayton, Xavier Fall

Two other highly touted Ohio quintets were knocked from the unbeaten ranks last week, leaving only Steubenville, Case and Ohio Northern, along with Cincinnati, with untarnished records.

Dayton saw its victory skein snapped at seven by St. John's (NY) in the ECAC Holiday Festival semi-final round Saturday. The Flyers lost, 76-63, after winning Friday against Niagara, 84-79.

Xavier's streak was cut at five Monday when Marquette walloped the Muskies, 86-71. The Cincinnati school absorbed a second defeat Saturday in a 81-54 loss to Oklahoma City. The setback came in a semi-final tiff of the All College Tournament at Oklahoma City.

Ohio State upped its record to 3-4 with two straight wins, the first an impressive 92-69 thrashing of Utah. The Buckeyes thumped Princeton Saturday, 75-66, in a regionally televised game.

Youngstown got off to a good start in the NAIA Tipoff beating Rockhurst, Ill., 77 - 71 Saturday, and advanced to second round play.

Bowling Green (3-3) split a pair in the All College Tourney, winning a first round battle against Wichita but losing in the semi-final to upstart Duquesne, 69-65.

Miami, Akron Win

Miami, starting an ambitious road tour, whipped DePaul Saturday, 74-67. Akron turned back Seattle Tuesday, 70-63.

Buckeye teams now have won 58 and lost 45 in interstate competition and in the process have tallied 7,617 points to their opponents' 7,332.

In some of the top games this week, Ohio State entertains Brigham Young New Year's night and journeys to Champaign for the Big Ten opener against Illinois Saturday; Miami takes on NYU in the Hurricane Tourney at Miami, Fla., tonight and follows with games at Seattle Friday and Utah Saturday.

Xavier hosts Louisville Saturday and Dayton is at home to Brigham Young the same night while Bowling Green travels to Buffalo to play Canisius, also on Saturday.

Other Ohio teams participating in tourneys this week include Ohio Univ., in the All-American City at Owensboro, Ky., tonight and Tuesday; Wooster goes to Albion, Mich., for a meet and Bluffton hosts the Mid-Winter Tourney Friday and Saturday. Teams entered include Muskingum, Findlay and Heidelberg.

Dayton, Xavier and Bowling Green will finish up consolation business today in last weekend's tournaments.

Beatrice is the Latin name for a girl who brings joy and happiness.

Rams Grab Crown In Carnival Action

By ALLAN BOVEY

Upper Sandusky's basketball squad, as dedicated a crew of hardcourt opportunists as has been seen in action in Marion this season, was crowned champions of the Marion Catholic holiday cage carnival Saturday night.

The Very Rev. Fr. William J. Spickerman, pastor of St. Mary Catholic Church, presented the trophy to Coach Ed Fisher's team after it had downed defending champion Delaware Willis 68-42.

The consolation prize — a basketball — went to Mansfield St. Peter, victors over the host Marion Catholic quintet, 52-39, in the night's opening game.

—:—

UPPER'S RAMS, who came into the carnival heavy favorites to take the title and who walloped Mansfield Friday night, 71-29, stretched their win skein to seven games without a defeat.

Actually, the game for the crown was won in the first period of play, when the fast, dead shot Rams rolled to a 22-8 lead. They were ahead 38-12 at halftime and led 61-26 going into the fourth frame.

Fisher cleared his bench in the finale and Upper, which had scored 16 points in the second frame and 23 in the third after its 22-point first period outburst, was held to seven markers by Willis.

Coach Cal Rucker's Panthers, posting only eight points in the initial session, managed four in the second, 14 in the third and 16 in the fourth.

Upper's speed and expert floor play was simply too much for Delaware and the Rams rimmed Panther buckets for 27 goals and 14 free throws, compared to totals of 14, and 14 for Willis.

By game's end, four of Fisher's cagers had hit for double numbers. Riley Stover got 15, Phil Clark 14, Fritz Smith 13 and John Hehr 12. Henry Banks posted 10 for Delaware, eight of them comprising the Panthers' total for the first quarter.

—:—

UPPER'S 6-5 center, Stover, controlled the opening jump ball and in short order Clark rolled in a goal to put the Rams on the scoring track. With Hehr and Smith playing the fast break to perfection, Fisher's basketeers made a shambles of Panther defenses and with 4:56 left in the period had doubled the count at 12-6.

Hehr, an expert playmaker, fired up his mates for a 10-point splurge in that remaining time. Meanwhile, Panther ball hawks found the range for only one goal.

An indication of Upper's superiority under the boards was evidenced early in the second frame when Ram cagers tipped the ball up six times before scoring on the seventh try.

Delaware rallied momentarily in the third frame, hitting for eight points to close the gap from 41-12 to 41-20. But, with Stover hauling in the rebounds, the Rams came on for six quick tallies to give them a 27-point lead at the 3:27 mark.

The final quarter, played largely with substitutes from both benches, produced little except a rash a foul shooting, although the Panthers managed to outscore their opponents 16-7.

Marion Catholic made a game of it with Mansfield St. Peter for about a quarter and a half. The count was knotted 8-8 at period's end. But, Bob Frye's Spartans had edged ahead 19-11 at halftime and were out front by 10 at 32-22 going into the final eight minutes.

As it turned out, Mansfield won the contest at the foul line. The Robbinsmen, rolling in 18 goals, got only three of 17 tries from the foul line, a percentage mark of 17. The Spartans looped in 16 from the field and counted 20 times from the bonus circle.

Marion, with eight digits on the book at the quarter, was held to three in the second session, got 11 in the third and 17 in the fourth. Mansfield tallied 11 in the second, 13 in the third and 20 to put the victory on ice.

—:—

ROBBINS HAD one consolation at game's end. Larry Roth, 5-8 sophomore with real potentialities, was inserted in the starting lineup, played the entire game and lofted in nine goals and one free throw for 19 points, tying Mansfield's Denny Bush for the tilt's scoring honors.

Dennis Dickerson was second high for the Robbinsmen with eight points. Bill Guisinger posted 12, Mark Ault nine and Toney Saprano eight for the Spartans.

The Irish lost Paul Hurney, Tom

Meeker Club Will Dedicate New Addition

The Meeker Sportsman Club, Inc., will dedicate an addition to its clubrooms in Meeker at an open house program Jan. 31.

A feature of the program will be a free dance. Coffee and doughnuts will be served, and the public is invited to attend.

The addition, measuring 27 by 38 feet, contains a clubroom, two rest rooms, furnace, and storage room for trap-shooting equipment.

The older section of the building has a clubroom, kitchen and office. It measures 30 by 70 feet.

The club conducts game stocking and conservation projects, engages in fox hunts, and holds weekly trap-shooting sessions. The shoots are held each Sunday during the winter and on Wednesday nights in the summer.

Each year, the group obtains young pheasant chicks in July and raises them on its 27-acre tract. The birds are released in September. The club is now negotiating the purchase of another 17-acre tract which contains a three-acre pond which will be stocked with fish.

Other activities are euchre sessions held the first and third Saturday nights of the month, and business meetings held on the second Wednesday of the month.

Officers are Delbert Rush, president; Everett Weaver, vice president, and Floyd M. Peters, secretary - treasurer.

The club at present has 93 lifetime members and 153 yearly members in the Meeker area and in Marion.

Trinity Lutherans, Baptists, Calvary Register Cage Wins

In Church League hardcourt action Saturday night, Trinity Baptist downed Church of the Brethren 45-36, Calvary EUB flattened Emanuel Lutheran 69-24, Trinity Lutheran rolled over Lee St. Presbyterian 79-27 and St. John clouted Epworth 52-40.

Carl Harbolt paced his Trinity mates to a win over the Brethren by canning 18 points Smith got 12. High for the Brethren was Rocky Evans 16.

Bob Lister's 19 digits was high for Calvary, with Scott and England both rolling in 10. Ron Spencer's nine and Lust's eight were tops for the Emanuel Lutherans.

Charles Leffler scorched Lee St. nets for 25 points to lead his Trinity mates to their 79-27 victory. Bob Lill was only a shade less effective with 21 markers. Dutt posted 12 and Bumgartner 10. Larry Walter hit for nine to top Lee St. scoring.

Roy Klingel rolled in 17, George Yake got 16 to carry off scoring honors for St. John. Paul Grissler tallied 12 points for losing Epworth.

favor of the Colts. Few were inclined to dispute coach Webb Ewbank when he said, "We just had to win because this was the better ball club out there."

Colts Greeted By 30,000 on Return Home

BALTIMORE (AP) — After 11 long years of waiting, it finally was "next year" for Baltimore Colt fans.

So when the Colts rallied to win the National Football League championship, defeating the New York Giants 23-17 in sudden death overtime Sunday, it lifted the lid on a lot of pent up emotion.

30,000 Fans Turn Out

A crowd estimated by police in excess of 30,000 turned out at Friendship International Airport to welcome home the champions. It was Baltimore's first winner since the Colts joined the old All-America Conference in 1947 and shifted to the NFL in 1950.

Three trainloads of spectators who witnessed the title game in New York's Yankee Stadium paraded and shouted their way through Pennsylvania Station.

Elsewhere in the city there was bedlam.

Soon after Alan Ameche plunged over for the winning touchdown, residents rushed outside into mild winter temperatures to dance, set off fireworks and shout the praises of the Colts.

"The Colts won. The Colts won," was the oft-heard cheer. Bells rang. Auto horns sounded. Main one-way streets leading into the city were jammed with bumper-to-bumper traffic.

Crowd Becomes Unruly

At the airport, the crowd became unruly, damaged several vehicles, and threw flares and fireworks. A near panic developed when hundreds of persons were jammed into a small area as a bus carrying Colt players inched its way through the mob.

One window in the bus was broken and about 30 fans climbed on the roof to lead cheers. Police later picked up 14 of the roof riders after the bus was taken to a lonely road about one mile from the airport. No charges were placed.

The crowd at the airport overwhelmed some 90 policemen and special guards as they stormed through a rope barrier.

Co-captains of Notre Dame's swimming team are Tom Londrigan of Springfield, Ill., and Dick Nagle of Chicago. Both are seniors and freestylers.

New Bowling Alley Starts Action Here

The 28-alley Plaza Lanes bowling center in the Plaza shopping center opened for business Sunday afternoon.

Bob Dixon, manager of the center, termed the opening "quite successful." Workers completed work on half of the alleys after working nearly all night Saturday and all 28 alleys will be ready for use tonight or Tuesday, Dixon said.

He plans to begin contacting teams immediately which have registered to roll in leagues at the new center. Organizational meetings will be set up for the leagues which will begin operation next week.

Men's leagues currently are slated for Monday, Wednesday and Friday with women slated to see action on Tuesday night and Thursday morning.

American Net Stars Split in Cup Matches

BRISBANE, Australia (AP) — Alex Olmedo crushed Mal Anderson, but Barry MacKay fell before the smooth strokes of Ashley Cooper today to give the United States and Australia one victory apiece in the opening singles of the Davis Cup Challenge Round.

The results also made Perry Jones, the controversial 70-year-old U.S. captain, look alternately like a slick old genius and a not-so-smart old-timer.

Held Out for Olmedo

It was Jones who convinced U.S brass that Olmedo, a Peruvian, should be put on the team. It also was Jones who bypassed Hamilton Richardson, the No. 1 U.S. player, for MacKay over the former's violent protests.

Olmedo whipped Anderson 8-6, 2-6, 9-7, 8-6 in a magnificent uphill battle. Cooper, after writhing under MacKay's bullet services for one set, came out on top 4-6, 6-3, 6-2, 6-4.

So now it's a brand new match. The doubles are scheduled for Tuesday with Olmedo teaming with Richardson and Cooper pairing with left-handed Neale Fraser for the Australians. It is in the doubles that the Americans were conceded their best chance in pre-match forecasts.

Storm Soaks Courts

The courts were soaked from a tropical storm the night before, and all four players donned spikes at one time or another. Despite the canvas covering, some rain seeped onto the turf of the Milton Tennis Stadium.

Olmedo, 22, the first foreigner ever to play on a U.S. Davis Cup team, more than acquitted himself before the sellout crowd of 18,500.

He hauled himself off the deck a couple of times when he appeared ready to take the count, and slugged it out toe-to-toe with Anderson until the tide of battle changed.

The Robbinsmen rallied early in the final quarter when, down 36-32, Roth and Harry Traugh found the long range for eight points. With 4:16 left in the game, Marion was in arrears only nine points at 40-31. But, with 2:30 showing they were down 10 points and were never able thereafter to seriously threaten St. Peter.

Claims Attendance Title

LOS ANGELES (AP) —"Anyone want to argue about Southern California being the sports center of the world?"

Paul Zimmerman, sports editor of the Los Angeles Times asked the question today after he said more than 9½ million spectators attended major sports events in the area during 1958.

Racing showed an attendance of 4,608,919 to lead the list.

Baylor Named To Play With NBA All-Stars

NEW YORK (AP) —Bob Pettit, scoring ace of the St. Louis Hawks and Kenny Sears, New York Knickerbocker star, topped the voting today for the National Basketball Assn. All-Star game.

The game, between hand-picked aces of the Western and Eastern divisions, will be played in Detroit Jan. 23.

More Sports On Page 26

Writers and sportscasters selected 10 players announced by NBA President Maurice Podoloff. The remaining five players on each squad will be named by the coaches next week.

The lone newcomer is rookie Elgin Baylor, former Seattle All-America now with the Minneapolis Lakers. The other nine have seen action in the annual All-Star event with Bob Cousy of the Boston Celtics booked for his ninth successive game.

In addition to Sears and Cousy, the Eastern squad is composed of Bill Russell and Bill Sharman of Boston and Paul Arizin of Philadelphia.

Members of the Western squad include Pettit, Baylor, Cliff Hagan and Slater Martin of the Hawks and Gene Shue of Detroit.

MCI Hoopsters Defeat Goodyear Team 64-41

The Marion Correctional Institution basketball squad rolled to a 64-41 victory over Goodyear Saturday at the MCI floor. Building up an early lead, Coach Bill Coder's Hornets were never seriously threatened.

They led 10-5 after one quarter and 23-19 at the half. By the start of the final frame, MCI was holding a 41-30 margin. Yazum led the ing a 41-30 margin. Yazum led the scoring for the winners with 18 points while Byrd collected 17 and Kellom 11. McBride was high for the losers with 11.

Tuesday night, the Hornets will entertain the Westerville Merchants.

Irish Fullback Leads East in 26-14 Victory

SAN FRANCISCO (AP)—"He's going to be a great pro," Michigan State Coach Duffy Daugherty declared in lauding Notre Dame fullback Nick Pietrosante, voted the Most Valuable Player in the East-West game.

Off performances in Saturday's annual charity classic for the Shrine Crippled Children's Hospital, there could be others in the same category.

Pietrosante scored two touchdowns as the East won 26-14 and as Daugherty put it, "He was our first-down getter."

The 210-pounder from Ansonia, Conn., gained 95 yards in 20 carries, including his touchdown bursts from three and two yards out. That should be good news for the Detroit Lions, who drafted him.

Michigan State's Sam Williams, a 225-pound end from Dansville, Mich., drafted three years ago by the Los Angeles Rams while in military service, won honors as the top lineman. The 27-year-old end stopped the first West drive by throwing quarterback Lee Grosscup, Utah, for losses of five and two yards and kept up that kind of play all day.

Marine Tried For Abuse of Ohio Recruits

PARRIS ISLAND, S. C. (AP)—A Marine training instructor, Sgt. Ralph A. J. Grant of Racine, Wis., goes on military trial today on charges of beating recruits and accepting payoff money from them.

Sgt. Grant and Sgt. Willard B. Poss of Augusta, Ga., another drill instructor at this Marine recruit training center, are charged with accepting money from 69 members of an Ohio recruit platoon. Each recruit allegedly chipped in $10 into a $690 pot for sergeants.

The two also are accused of assault and battery in the alleged manhandling of boot of rookie Marines subject to their orders. A third drill instructor, Sgt. Ronald J. Heller of Milwaukee, Wis., is charged only with assault and battery.

The general courts-martial of Poss and Heller will follow that of Sgt. Grant.

The charges grew out of statements made by six members of Ohio's Steel Valley Platoon when home on leave last September after completing basic training at Parris Island.

They told their parents of alleged mistreatment and the payoff which they said all members of the platoon made.

The Steel Valley Platoon was recruited last June in the Youngstown-Warren area.

Girl Refuses Gift After Saving Driver From Burning Vehicle

STRATFORD, Conn. (AP) — Fifteen-year-old Alida Pettit couldn't accept the gift. Not from the church. Not from anybody.

Not while Herman Simmons lay in a hospital with his body covered with burns.

The gift was from the First Baptist Church. The congregation directed its pastor, the Rev. William O. Johnson, to present Alida with $56 Sunday. She was to buy a new coat with the money.

"I don't need a new coat. I don't want a new coat," she sobbed.

Alida a 95-pound high school sophomore, leaped from her mother's car Saturday when Simmons' garbage truck overturned and burst into flames. She tugged at the 200-pound Simmons and helped him escape through a broken window. Then she took off her coat, a Christmas present, and smothered the flames covering his body.

The 36-year-old driver is in critical condition, burned over almost 60 per cent of his body.

Alida finally took the $56. Then she donated it to the Herman Simmons Fund of the First Baptist Church.

"There is really nothing wrong with my coat," she said.

Hunt for Missing Family in Oregon Enters 4th Week

PORTLAND, Ore. (AP) — A black cloth glove provided police with their lone lead as the search for a Portland family of five entered its fourth week today.

The glove was found Sunday on a highway shoulder near the site of an abandoned car about 45 miles east of here.

Police showed the glove to relatives, and one said it might have belonged to Mrs. Ken Martin, 48. Police planned to show it to more of the family's friends today.

Mrs. Martin, her husband, 54, and their three daughters vanished Dec. 7 after setting out in their car to find a Christmas tree. The girls are Barbara, 14; Virginia, 13; and Sue, 11.

In New York, the Martins' only son, Donald, 28, said he was convinced his parents and sisters were dead.

Police said witnesses had reported seeing the abandoned car, reported stolen from Venice, Calif., parked along the highway near Cascade Locks since Dec. 8—the day after the family vanished.

It was in a recheck of that area—where Martin had purchased gasoline with a credit card Dec. 7—that the glove was found 15 feet from where the car was abandoned.

Women consult physicians more often than men, especially at the ages of 15 through 44, reports the Health Information Foundation.

Gloomy Prediction

MIAMI, Fla. (AP)—Playwright Tennessee Williams gives the human race 10 years if it doesn't settle down in amity.

"People talk glibly about what kind of cars they will have in 1970 and how long it will take to get to the moon," Williams told a Sunday Herald interviewer.

"We have speeded up time itself, travel in jets . . . and talk seriously about living in outer space when we haven't yet learned to live on earth without fighting each other."

Wish Unfulfilled

ST. LOUIS, Mo. (AP) — Mrs. June Walter, 22-year-old mother of two, learned three weeks ago she had leukemia. She had one wish to die in her native land—England.

But Saturday night she hemorrhaged and Sunday morning she died — one day before she was scheduled to leave.

Common Market Tightened

U.S. To Find European Trade Competition Stiff

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Americans doing business in Western Europe will find some of their money transactions a bit less complicated today. But they will find the French manufacturer a keener competitor in world trade.

And Thursday they will find that in France and five other Western European nations the tariff walls will be higher for Americans and other outsiders than for the six in the Common Market.

These are the results of France's newest devaluation of its franc and the partial lowering by nine other nations of curbs on changing their money into dollars.

Major Barrier Still Exists

But the most troublesome trade barrier of all is still there. That is the import quotas which many lands impose on the goods of Americans and other outsiders. American businessmen still can't sell their goods or services in these lands if their governments want to save their supplies of dollars for other things.

France's cutting 17 per cent off the value of its franc in terms of American dollars (a worldwide measuring stick) is aimed at shoring up its finances—badly drained by the Algerian war—as it seeks to start on equal footing with the five other nations in the Common Market Jan. 1. They are West Germany, Italy, Holland, Belgium and Luxembourg.

17 Per Cent Reduction

Theoretically, at least, France is cutting the present price of French goods by 17 per cent in all markets.

Adjusting to the new Common Market is also one of the factors leading Britain, Denmark, Sweden, Norway and all the Common Market nations except France to announce limited currency convertibility.

This permits the exchange of foreign holdings of their currencies into dollars or any other form of cash, so that American businessmen can get dollars, at going exchange rates, for their goods—if permitted to sell them in the nine countries.

Thursday the Common Market nations take their first step by lowering the tariffs 10 per cent on goods shipped by each other within the market's limits, but maintaining the old barriers against goods of all other nations.

Over the years the tariffs will be lowered further on Common Market goods and a common tariff wall set up by all six against outsiders.

10 Per Cent Under U.S.

From Jan. 1 on, for example, West German manufacturers can ship more goods to France and pay 10 per cent less duty on them than can their American competitors.

American businessmen, however, can hail the European fiscal moves as a first short step in freeing world trade, which has been under strict fiscal controls since the war. And they can applaud anything that will stabilize the franc, which in the last 10 years has lost nearly two thirds of its purchasing power.

If France succeeds in getting its fiscal house in order, and if further convertibility moves lead to better trade and generally healthier economic conditions in Europe (making it a better customer), Americans too could share in the long run in some of the betterment.

Burglary Not Object

DALLAS (AP)—Bouncers at a burlesque house thought they had caught a burglar when a man crashed through the ceiling of the dressing room, narrowly missing three strippers.

But the man insisted he had not come to rob a safe on the second-floor. He said he was just a patron who had climbed up to the attic to peep into the dressing room.

While squinting through the peephole, he said, he lost his balance and fell through.

At the Public Library

A thrilling account of rescue work in the North Atlantic by the sea-going tug, Foundation Franklin, is among the new books on display this week at the Marion Carnegie Public Library. The book, "The Grey Seas Under," by Farley Mowat, is one of 21 new volumes on display. All may be signed out beginning Saturday. The library will close Wednesday at 2 p.m. and will remain closed on New Year's Day.

New books are as follows:

FICTION

"One to Grow On," Nathaniel Benchley; the plight of a young girl unites the heterogeneous tenants of a New York apartment house.

"Jacob," Jean Cabries; follows closely the story in the Book of Genesis.

"Buffalo Gold," R. G. Choate; western.

"Search for Amelia," D. K. Findlay; admiration for a common ancestor brings together two young people.

"The Gentile," Sylvia and Henry Lieferant; Linda Macneill becomes a designer for the Epsteins, owners of Gold Star Patterns.

"The Post Reader of Civil War Stories," The Saturday Evening Post; "nineteen of the best."

"The Assize of the Dying," Edith Pargeter; mystery.

NON-FICTION

"Record Houses of 1958," Architectural Record; 20 of the year's outstanding houses, plus new products for the house.

"Our Friend, James Joyce," Mary and Padraic Colum; biography.

"Discovering Nature," Charlotte Orr Gantz; how the author developed the "seeing eye" of a true naturalist.

"America, America, America," Kenneth Seeman Giniger; a collection of prose and poetry exalting America, her land, people and ideals.

"'The Lines Are Drawn," Gerald W. Johnson; American life since the first World War as reflected in the Pulitzer Prize cartoons.

"Printing and the Allied Trades," Robert Randolph Karch; information on layout, commercial printing, and lithography.

"The Insolent Chariots," John Keats; wages war against U.S. automobile manufacturers and advertisers.

"The Far Eastern Epicure," Maria Kozslick Donovan; a culinary journey to the Far East.

"Spain," Salvador de Madariaga; study of her country's culture, spirit, psychology, and history.

"The Grey Seas Under," Farley Mowat; the rescue work in the North Atlantic by the salvage tug, Foundation Franklin.

"How to Plan a House," Gilbert Townsend and J. Ralph Dalzell; valuable for either the professional builder or the potential house owner.

"Industrial Design," Harold Van Doren; practical guide to product design and development.

"Double Exposure," Gloria Vanderbilt and Thelma Lady Furness; a twin autobiography.

"Wedemeyer Reports!" Albert C. Wedemeyer; a military strategist re-examines the policies of the high command and the diplomats of World War II.

Recent Civil War Data Placed In Perspective in New History

By BOB PRICE
Associated Press Book Critic

THE CIVIL WAR, Ft. Sumter to Perryville. By Shelby Foote. Random House. $10.

There has been nothing like a general history of the Civil War for more than 30 years. In that period, there has been a tremendous outpouring of biographies, studies of the war's generalship, campaigns and battles, and corollary literature. It is high time that some one put the war into the framework of recent findings and appraisals.

Let it be said at the outset that Shelby Foote has succeeded, in this first of three volumes, more than well. You will not lay aside this book without a feeling of eagerness to get your hands on the next two.

Foote is a novelist. He brings a novel's approach to history, meaning that it is fluid, exciting, suspenseful. He bills his work as "A Narrative" and it is eminently that.

He builds his story around the presidential protagonists, Jefferson Davis and Abraham Lincoln. By accenting the contrasts in their personalities, their methods and policies, he achieves a high degree of dramatic interest. He gives detailed attention to the minor campaigns which, though neglected by many so-called histories, were important to the stream of the war and its truly national character.

This is not a definitive history. Foote is concerned with the war in the strictest meaning of the word. He does not go deeply into the background for war; neither does he give more than a glimpse of the economics of the war, the home front experiences, the struggles of supply and communications. But to point out such omissions is only to emphasize the great scope of the war.

Best Wishes for a Very . . .

Meets Top CIO Officials

Nixon Moving To Heal GOP's Split With Labor

By VICTOR RIESEL . . .

Quietly, with no publicity bugles blowing, Richard Nixon has been attempting to end the civil war between the Republican administration and the nation's labor leaders.

VICTOR RIESEL

At high noon on Thursday, Nov. 20, had you been stalking the Capitol's corridors, you would have noted two men from labor's national headquarters checking their propaganda guns outside the vice president's office. Seconds later they were deep in conversation so characteristic of President Eisenhower's second-in-command.

Mr. Nixon spent most of his time asking, probing for advice — and listening carefully. This time he listened to William Schnitzler, second-in-command of the AFL-CIO and to lean, dry - humored Mike Ross, the AFL-CIO'S foreign affairs expert.

Later, Dick Nixon told friends that he believed their advice had helped make his darting trip to Britain the impeccable success it was.

-:-

THE LABOR MEN had come at Nixon's invitation. He asked for a briefing on what to expect from British political leaders — especially the Socialist Labor party officialdom in London.

What really were their interests? What policies were they really pushing? What did they really think of the Soviets?

Nixon got a thorough run-down in this secret talk. In the final few minutes, he told Schnitzler that labor's international in - fighting against the Communists was of great help to the U.S. Husky Bill Schnitzler batted this one right back.

"We'd do better if we had more money to spend on this battle and we'd have more money if we didn't have to spend so much of it fighting the 'right-to-work' proposals," the AFL-CIO secretary-treasurer said.

Then Dick Nixon, knowing full well that this off-the-record talk was not intended to be off-the-record from Schnitzler's colleagues, said quietly:

"Forget about the 'right-to-work' laws. I doubt they will be pushed again."

It was apparent to the two labor officials that Dick Nixon was previewing his 1960 self — though that is not why he had asked them to drop in.

They left, confident they had the vice president's word on "right-to-work." They left feeling that Nixon had, in effect, said he wanted no war with them; that they could differ but where the labor leaders could help the government, he wanted to work with them quietly and, when necessary, without fanfare as in this unreported session.

-:-

THE MEETING would have stayed off-the-record if a couple of insiders hadn't discussed the Nov. 20 get-together while they were at another, larger private gathering on another Thursday, exactly a month later. That was on Dec. 18, in New York City.

They were in a group of 53 New York labor chiefs. This was a selected list drawn up for the host, Gov.-elect Nelson A. Rockefeller, by his labor adviser, Victor Borella. The latter is executive vice-president of Rockefeller Center. Among other Borella duties are the center's labor relations.

The 53 union chiefs, including such ardent New Deal nostalgists as David Dubinsky and Alex Rose, found themselves mixing genially with Mr. Rockefeller in the executive offices of Radio City Music Hall. Most of the unionists were but names to the now governor.

He grinned when he made them welcome with a short speech. This began with "Little did I realize that I would be in this position. . ."

-:-

DUBINSKY, the irrepressible, heckled laughingly, "You can't blame us for that. . ." The crowd roared. There was not one of them who had supported Rockefeller for election.

Rockefeller chuckled. Then he went on to say that he believed in a two-party system. Turning to Liberal party leader Alex Rose, the governor-elect said, "Even in a two-and-a-half party system."

Becoming serious, the Republican leader stated he would not permit himself to be moved by one pressure group against any other. It was obvious he meant he would forget they had been on the other side. There was talk of his startling new pro-labor program soon to be unveiled.

It was obvious, too, that another Republican chief of national stature was saying that he wanted no civil war with the labor men.

(Hall Syndicate)

Police Reports

Charles Akers of 425 Evans Rd. reported the theft of a gold wedding ring set with three diamonds and valued at $150. He said it was taken from a dresser in his bedroom.

-:-

Robert Richards of 151 Franconia Ave. reported the theft of a tool and parts box from his station wagon parked in front of his residence Friday night. He said it contained television repair parts and tubes and tools and test equipment valued at a total of $400.

News of the District

Forest

The WCTU of Forest met Tuesday afternoon in the home of Mrs. L. V. Snider. Mrs. John Ash led devotions. Christmas carols were sung with Mrs. Jean Simpson at the piano. Mrs. Ash and Mrs. Snider sang a Christmas duet. Christmas stories and poems were read by Mrs. Casper Brooks, Mrs. Della Conover, Miss Maidie Eckleberry, Mrs. Leila Clinger, Mrs. Charles Buess and Mrs. Nettie Rickenbacher. Miss Agnes Lutz read an article and Mrs. Cora Burdett reviewed a book.

—:—

Miss Linda Sue Miller, a college student in Manchester, Ind., is spending a holiday vacation at the home of her parents, Mr. and Mrs. Jayson Miller. Miss Kay Ellen Baum, Kay and Linda Kratt, Rose and James Parcher and David Post, all students at Ohio Northern University, are vacationing during the holidays at the home of their parents here.

Bucyrus

Sewing machine clinics will be sponsored during the latter part of January and in February for the benefit of homemakers by the Crawford County Home Council, it was announced today by Mrs. Doris Tupps, county home economics agent. Those wishing to attend are urged to contact the county extension office at the courthouse as plans cannot be completed and the clinics definitely scheduled until the approximate enrollment is known, Mrs. Tupps pointed out. The sessions will deal with the cleaning, care and adjustment of the machines.

—:—

Mrs. Charles Harter, a former Bucyrian, has been elected president of the Phillippi Shores Hobby Club at Sarasota, Fla., where the Harters now live. Her duties will be to aid older residents in becoming interested in hobbies. She is the former Betty Jo Cassaro, daughter of Mr. and Mrs. Robert Cassaro of Bucyrus.

Galion

Val L. Young flew home last week for a leave from his station in France to take Miss Mary Jane West as his bride in a holiday rite at First Methodist Church here Sunday, Dec. 28.

The Rev. Raymond L. Butler, pastor of St. Mark Methodist Church, officiated.

Presenting the music were Mrs. James Smithers of Ypsilanti, Mich at the organ, and Mrs. Victor Gieb of Galion, vocalist. Guests were seated by Larry Armstrong and John Swain of Galion and Dick Troxel of Greenwich.

Mrs. John Swain of Galion was matron of honor, and the bridesmaids were Miss Barbara Sherer of New Washington, and Miss Roberta Sanford of Newark.

Two flower girls were Betty Westbrook, niece of the bridegroom, and Marcia Goorley, niece of the bride. Jerry Dexter of Atwater was best man.

Following the wedding approximately 200 guests were received during a reception in the church social rooms. Honorary hostesses were Miss Catherine Krichbaum of Crestline and Miss Mary Kirkpatrick, Miss Sandra Tracht and Miss Connie Ward.

The bride who is the daughter of Mr. and Mrs. Grant West of N. Liberty St., and the bridegroom's parents are Mr. and Mrs. M. V. Young of 516 N. Liberty St. They both were graduates in the class of 1956 from Galion High School. She plans to complete her nurse's training course at White Cross Hospital in Columbus Sept. 4.

The bridegroom will leave Jan. 14 to fly back to his station at Buffac. He is a laboratory technician in the United States Army Hospital there. He has been stationed in France for 17 months.

—:—

Announcement is made of the birth of a daughter Tuesday to Mr. and Mrs. Jack Shipman of Sunbury. The mother is the former Marcine Sautter. Grandparents are Mr. and Mrs. Herman Sautter and Mr. and Mrs. John Shipman of Galion.

Upper Sandusky

Mr. and Mrs. Donald W. Clabaugh are parents of a son born Wednesday in the family home near Upper Sandusky. After the birth, the infant and his mother were taken to Wyandot Memorial Hospital.

—:—

Beverly Joyce Steiner, daughter of Mr. and Mrs. Elmer J. Steiner of near Van Buren, and James Clarence Castanien, son of Mr. and Mrs. Clarence Castanien of Upper Sandusky, were married in a 2 p.m. ceremony Saturday in Howard Methodist Church at Findlay.

The bride's attendants were Miss Anita Ribble of near Findlay, maid of honor, and Miss Barbara Agnew of Fostoria and Miss Eleanor Zern of Bechtelsville, Pa., bridesmaids. Robert Corfman of Bucyrus was best man. Ushers were Terry Rush of Massillon and Mortimer S. Ward of Winchester, Mass. A reception was held at the church.

The bride was graduated from Van Buren High School and attended Heidelberg College at Tiffin where she was a member of Eta Lambda Sigma Society, the concert choir and marching band. Mr. Castanien was graduated from Upper Sandusky High School in 1955. At Heidelberg College, where he is a senior, he is a member of the Aptonalton Society, concert choir and American Chemical Society.

—:—

Marriage licenses have been issued here to Donald E. Webb of near Carey and Jane Vaughn of Carey, and John W. Smith and Julia Norris both of Nevada.

Gino Marchetti Suffers 2 Broken Bones in Leg

BALTIMORE (AP) —Defensive end Gino Marchetti of the NFL Champion Baltimore Colts will have two broken bones in his right leg set today.

The defensive star suffered the injury late in the fourth quarter of Sunday title game against the New York Giants.

Dr. Erwin Mayer, team physician, said both the tibia and the fibula in Marchetti's right leg were fractured in the ankle area.

Queen Victoria's parents lived in Germany but they moved to Kensington Palace so that she would be born on English soil.

Seminary Enrolls First Girl Student

LOUISVILLE, Ky. (AP) — Judy O'Bannon, a 22-year-old blonde, is the first full-time woman student in the 104-year history of the Louisville Presbyterian Theological Seminary.

The attractive Judy is the wife of Frank L. O'Bannon, a young lawyer whom she met at Indiana University, and she doesn't look much like a future minister. But she won a Rockefeller scholarship entitling her to a year of study toward a bachelor of divinity degree, and she selected the seminary here.

Judy admits frankly that she probably will never be ordained as a minister, because:

"People don't want to listen to a woman preach."

But she thinks she would like to teach in a religious school, and added:

"Even if I don't go on and get my degree, I will have learned how to be a better citizen, a better wife and—when the time comes—a better mother."

Judy does not feel self-conscious about being the only woman student in an otherwise all-male school. She says the students must like her, because they have elected her secretary-treasurer of her class.

The O'Bannons live at nearby Croyden, Ind., where Judy is a busy housewife in the hours before and after classes.

Under Political Fire

TOKYO (AP)—Prime Minister Nobusuke Kishi is facing his most serious political threat in 19 months in office following his failure to persuade three Cabinet members to resign.

The three are members of the pro-Western Kishi's Liberal Democratic party. They are part of a group of dissidents who want a bigger share of top party jobs and Cabinet posts.

1-B—IN MEMORIAMS

IN LOVING MEMORY of J. Guy Orahood who passed away nine years ago, Dec. 29, 1949.

We do not forget you, nor do we intend,
We think of you often and will to the end.
Gone and forgotten by some you may be,
But dear to our memory you ever will be.
Sadly missed by wife, Mrs. Minnie Orahood, children and grandchildren.

IN LOVING MEMORY of our son, Johnnie W. Cremeens, who was killed one year ago this evening, Dec. 29, 1957.

One lonely year has passed
Since our great sorrow fell;
Our lips cannot tell how we miss him,
Our hearts cannot tell what to say.
God alone knows how we miss him,
In a home that is lonesome today.

Judge at Least Knows Own License Number

PIERRE, S. D. (AP) — Circuit Judge Harry Mundt asked the man who had pleaded guilty to driving while intoxicated for his license number.

The man said he didn't remember but the car was just outside. He looked out the window and began reading off a number as Judge Mundt took it down.

Suddenly Judge Mundt reared back, stared at what he'd written and declared, "why, that's my number."

The man apologized and the judge said he was certain it was an honest mistake.
